**RAFFERTY'S NEW SAUCE**

Rafferty has made a New Sauce & he gave me a mysterious little jar.

1<sup>st</sup> glance, I assumed this new sauce was a

Smokey  
Chipotle  
kind of Mexican thing,

but I was wrong! 'Twas, in fact a

Salty-Sweet Peanuty-  
South-East Asian kind of thing

So when I put it on my late night  
quesadilla, I got a surprise:

*Fusion Cuisine!*

Rafferty's New Sauce has some kick.  
Rafferty's New Sauce may surprise you.  
Rafferty's New Sauce is tasty on late  
night quesadillas but probably better on  
chicken

Rafferty's New Sauce is adaptable.  
Rafferty's New Sauce is Multi-Cultural.  
Rafferty's New Sauce won't talk to  
reporters.

Rafferty's New Sauce won't exploit  
Bolinas

Rafferty's New Sauce is good for you.

**WATER SUPPLY UPDATE**  
**January 31, 2014**

To the Bolinas Community:

THANK YOU!!! This community's response to the BCPUD's January 17<sup>th</sup> implementation of a heightened voluntary conservation alert has been nothing short of exceptional. We asked for a 25% reduction in consumption district-wide, and you have exceeded this goal. As of the end of the week, district water consumption has declined approximately 32% (as compared to average consumption levels during 2013). Very importantly, as a result of your efforts to conserve, we have been able to meet your demand for water by using our preferred water source, the Arroyo Hondo Creek, and we have not needed to divert any of our emergency stored water from our reservoirs. This is fantastic and enables us to defer mandatory rationing at this time. Please keep up your efforts and continue to do whatever you can to conserve water.

Thanks to everyone!

**FIRE DEPARTMENT ALERT**

I am sure everyone is aware that we are in the midst of a record setting winter in regards to a lack of rain. 2013 will go down as the driest year on record. With the drought comes the increased and significant threat of wildfire. Currently, a complete burn ban has been declared *indefinitely* for all State Response Area's (SRA). All of Bolinas is in the SRA therefore absolutely no open burning is allowed. This means no fires outside. All burn permits previously allowed by the fire department are suspended.

All of us must be vigilant when it comes to fire safety. If you use your fireplace, be sure your chimney is screened properly. If you see any kind of outside fire, call 911. With the vegetation still so dry, a small fire can quickly grow into a larger, devastating one. Keep your address sign visible, your roadway clear enough for engines to get in and out and your defensible space in place. Your fire prevention efforts can help protect lives and property.

If you have any questions or concerns, please call 868-1566 and speak with Chief Anita Brown.

Hello MPA Watch Citizen Science Volunteers,

We're going to hold our third volunteer training on **Friday, February 21st** from 8:30am to 12:30pm. Our focus will be on Duxbury Reef.

We'll meet in the **Bolinas Firehouse meeting room at 8:30** for the indoor training, then travel the short distance to Agate Beach by 10am. The tide is low that morning at 9:30, so this will be a great opportunity to view the reef.

If you've already attended a volunteer training, you do not need to attend this one, but are more than welcome to join us for the field training portion at 10am.

ALSO - attached below please find a very slightly revised data sheet. Please use this data sheet for all future data collection.
