XANTHE PATTON
AGE 4

Hi Folks,

Here is a true news story! Bolinas middle school veteran teacher, Don Jolley must be psychic: he chose last night to invite students to map the sky. The rest is history....!!!!!!!!!!!!!! Here are some facts collected and sent by our principal. Feel free to do a story about this serendipitous, special, once-in-a-lifetime experience for our middle school students!!! Cheers,

-- Anny Owen Densmore

Here are some facts Don explained to me about the meteorite his star gazing class witnessed last night:

The speed of sound is 1090 feet per second. It takes approximately 5 seconds for sound to travel 1 mile: (1 mile = 5280 feet; 5280 divided by 1090 = 4.84 seconds) It takes 1 minute for sound to travel 12.4 miles (60 divided by 4.84 = 12.4)

The time between seeing the meteorite last night and hearing the sonic boom was estimated by Don and his students to be between one and a half and two minutes. So the meteorite was approximately 22 miles away. (1.5 x 12.4 = 18.6; 2 x 12.4 = 24.8)

It took about 10 seconds for the meteorite to cross the sky. This would indicate that the meteorite was very distant, and 22 miles is very distant in our atmosphere.

Its large size compared to usual "shooting stars," which are usually the size of grains of sand that are quite close to earth, indicates that it was extremely large.

The sonic boom also rumbled for about 20 seconds.

Beloved Bolinas; 
 Magi and I want to thank you for
 all the beautiful cards, e-mails,
 phone calls, visits while I was in
 the hospital. You're support has
 meant so much to both of us. (Magi

 We are also so grateful for all the acts
 of kindness while away and when home,
 i.e. cutting our firewood, installing rails
 on our stairs for my safety, watering our
 garden, caring for our cat, bringing
 delicious soups, food, and wonderful
 fruits to us!
 I honestly believe that I am home,

Pastor Appreciation This Sunday

The parishioners at Calvary Presbyterian Church on the corner of Brighton Ave and Wharf Rd are throwing a pot luck lunch in the sanctuary to thank our devoted pastor, the Reverend Dr. Robert Grove – our Dr. Bob.

Services begin at 11:15 this Sunday, October 21. Lunch and social hour begin at 12:15. Please come, with or without a dish. We have a beautiful church, open to everyone in the community; and we have an exceptional pastor in Dr. Bob, who touches our community far beyond the walls of Calvary Presbyterian Church. Please celebrate with us.

Whale Sale!

Through art and your altruism you can make a difference, this weekend (10/18-10/21). Run, don't walk to Bobolicious and buy a whale. 100% of the proceeds will go to helping save this beloved local Bolinas business that has an unexpected hurdle of \$6,000 that will cripple or close the smoothie lounge. Buy a whale and save the smoothies and the wonderful sense of community Julie Augustyn so graciously serves up daily! We love you Julie!

— Janis Lowengart Yerlington

First pour 1/2 cup imagination into the blender. Add 1/4 cup perseverance and every ounce of free time. Then add a pinch of positive vibrations mixed with heaping spoonfuls of CommUnity support. Blend...and chill to share in the manifestation of my dreams at Bobolicious Smoothie Lounge....

I have worked really hard at making Bobolicious over the last 2 years(+). I am proud to say it is a place where kids of all ages hang out and gather in a warm, friendly & safe atmosphere. So far it has worked. But, but... Bobolicious finances have been recently jeopardized by a ruling imposing a \$6,000 charge (state). The combination of my learning curve and the bureaucratic challenges involved with opening a small(micro-mini :) business in West Marin makes me amazed that Bobolicious has survived 2 years! I have done whatever I could to ride out the rough economic waves to get to today, however, this financial hurdle severely compromises Bobolicious so I humbly ask for help. The Bobolicious Smoothie Lounge's mission is to create a community refreshment stand that would provide healthy, wholesome and nutritious choices for enjoyment in a creative and socially conscious space. So if you would like to help Bobolicious surpass another hurdle... please visit

<http://www.gofundme.com/1cym6o> to make a donation (I also have a 69 VW passenger van (runs great!) to add to the mix & Donated Art by Janis Yerlington & Marianne Hale)!
Love, love... Julie

Last Chance! Don't miss it!

It's a Playground . . . and more!

A 3-year-old enjoying the Blue Tubes - Oct. 2012

My grandkids love the playground at Mesa Park and ask to go there every time they visit. It's fun watching their motor skills advance as they graduate from toddler slide to big kid slide, and master their apprehensions about climbing above their own height on the structures. An added bonus is searching for feathers in the field (Kian scored big: one white and one black.)

Please vote Yes on Measure E next month, to help keep our playground clean and safe. For less than a dollar a week (\$49/year per improved parcel) we can provide fun, out-door exercise, and age-appropriate challenges to grow healthy kids (and build grandma's upper arm strength with swing-pushing.) Measure E supports and maintains all the fields at Mesa Park, and provides local jobs, as well.

Funding from Measure E is only for the maintenance of the property at 110 Mesa Road, by the Firehouse. The downtown park is privately funded, and any future swimming pool will be maintained by user fees.

READING TO JOHN

On Tues. 10/23 at 10 am on KWMR (89.9)
I'll read "The Girl With A Pimple Face" by
William Carlos Williams. Yes, he's primarily
Known for his poetry, but he also wrote stories.
The style is laconic, vernacular, and tough, like
the girl herself. And yes, you might find the
title off-putting, but wait until you meet her.
I'll also have time for some reviews.
