### Draft Project Designs Released for the North End Restoration Project at Bolinas Lagoon

Project design alternatives for the north end of Bolinas Lagoon were presented to the Bolinas Lagoon Advisory Council on October 14th.

The designs include several possible modifications for the intersection at Highway 1, Fairfax-Bolinas Road, and Olema-Bolinas Road at the Wye.

Visit [marincountyparks.org/depts/pk/our-work/os](http://marincountyparks.org/depts/pk/our-work/os)

and click on the Bolinas Lagoon North End Project link to learn about the project and provide questions and comments on the draft designs.

Responses can be sent to Veronica Pearson, Marin County Bolinas Lagoon Restoration Project Manager, at [vpearson@marincounty.org](mailto:vpearson@marincounty.org) and are appreciated by November 14th. Additional opportunities for comment on the North End Restoration Project will be presented in 2017 at the State of the Lagoon symposium and upcoming Bolinas Lagoon Advisory Council meeting.

Stay tuned for meeting dates and times and be sure to take advantage of your opportunity to be a part of Bolinas Lagoon restoration!

Molly Maguire & Gabriel Fauré  
bring Angels to Bolinas

+++++

October 15th, on the ides of this month, Molly Maguire brought two performances of Requiem, by Gabriel Fauré, to the lovely, old, Mary Magdalene Catholic Church in Bolinas.

Magi and I went to the 5:30 afternoon Concert and were greatly rewarded by this splendid, uplifting performance sung by the Bolinas Choir, Bill Quist assisting on the key-board, with Molly Conducting. Fauré, (1845 -1924), was considered the foremost French Composer of his generation. After hearing this exquisite Choral Music it is understandably, "why". As I told Molly, "Fauré seems to have spent many hours with the Angels,".. for we Bobolites were taken to a Higher Realm entirely !! The pure voices of the Bolinas Choir clearly embodied the voices of Gabriel's Angels....

Two pews in back of us, a baby angel named Levi, was nestled in his mother's arms; each time the Choir hit those ecstatic, high, notes, Levi would let go of a delightful squeal of pure joy that was infectious to all of us!!!

After the Concert, Magi got back to Levi before I did And learned his name. He was patting Magi's face and smiling at him!!! When I got there, I said to his Mother, (Angela), "He is trying to sing" !!! She replied, "Yes, his Father sings to him all the time" !!! I told her Levi was a Blessing to all of us.

How fortunate we are in our Community, to have Molly, such a brilliant, young, Composer, Conductor, Choir-master; who gives us, time after time, such top-rate, Musical Events !!! We are very grateful for this beautiful performance, and for all the Creative gifts that Molly brings to us !! As if ALL of this afternoon wasn't enough of Love and shared Joy; there was a DOUBLE Rainbow directly over the old Church when we got out !! The ancients believed that a Rainbow was a symbol/sign for harmony and grace from God.

## **MY CHOICES FOR THE SCHOOL BOARD**

Bob Demmerle & Georgia Woods

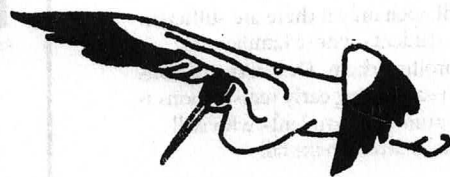

I was recently talking with Bob Demmerle at the Children's Center. He was reminiscing about his children's experiences and his own involvement during that period.

"We did a lot of what you see now during that time," he said, "the boat and sand pit, the beautiful sculpted tricycle course and other projects". Then he told me he was running for the school board. I've known Bob since he moved here with Maud. When I think back to what he has done for this community, mostly around children, I can only be thankful that he is willing to step into this important role. Bob has coached both basketball and soccer, but the most impressive thing was starting the after school Girls Club. Their focus was community service, such as beach clean up and visiting Sam's House. And now he is already involved in the very positive changes taking place at the school, such as improving the math curriculum and SEL, the social and emotional literacy program. For all these reasons and more I'm voting for Bob Demmerle.

The other person I want to endorse is Georgia Woods. Georgia spent a lot of her time growing up in Bolinas and graduated from Bolinas School. Now she wants to return to her alma mater and help guide it into the future. She is a Physiology teacher at Dominican College and teaches a masters program in Neuro- Development at Touro College in Vallejo. With a background in the sciences Georgia brings a knowledge of math, science and social development to the table. As a teacher she understands their needs, and as a graduate of Bolinas School she understands the unique position our children are in, going from a small rural school to a much larger high school. As a mother of a 4<sup>th</sup> grader and an upcoming kindergartener she has love guiding her to work toward happiness for our children now and into the future.

Please vote for Georgia Woods and Bob Demmerle.

respectfully, Mark Butler

photo/submitted by Steve Heilig

Dear Hearsay,

I have known Dennis Rodoni for over 20 years and worked with him in the early stages of the Bolinas Firehouse and Clinic project when he chaired the Coastal-Health Alliance Board. He is a good listener, thoughtful in his decision-making and optimistic about reaching consensus while being pragmatic. This is a rare combination, and one that will serve Dennis well on the Board of Supervisors. While we don't always agree on every issue, I respect Dennis's directness. Please join me in voting for Dennis Rodoni for our next County Supervisor.

## Public Notice

### Public Pre-school Program for 4-Year Olds

The Bolinas-Stinson Union School District is now registering students for a new public preschool program for 4-year olds that is scheduled to open in August of 2017.

This program will be free of charge to families residing in the district and there may be additional room for students who live in neighboring school districts.

This preliminary registration\* period will open on October 24 and will close on November 21.

The program will open only if there are sufficient numbers of students whose families are committed to enrolling them. One of the reasons that the district is accepting early registrations is to assess the number of students who will actually attend next fall.

If you wish to register your child (who will be 4 years old by September 1, 2017) please be ready to provide the following information.

- The child's name
- The child's date of birth
- The child's place of residence: the address where the child sleeps most nights
- The name of the parent or guardian.

If the program opens next year as planned additional registration materials will be required.

You may register by calling District Secretary Johanna Scott at (415) 868-1603 or by e-mailing the information noted above to [johanna.scott@bolinas-stinson.org](mailto:johanna.scott@bolinas-stinson.org) or by visiting the district office at 123 Olema Bolinas Road in Bolinas.

\* Early registration is very important but does not guarantee that your child will be enrolled when the program opens.

## Great Minds

Coastal Marin is home to remarkable innovators who have transformed local agriculture, opened doors for other producers and influenced national and international food production.

On Saturday, November 5<sup>th</sup>, Bolinas Museum is hosting a rare gathering of some of these renown visionaries for a Great Minds panel discussion, *Agricultural Innovators: Rocking the Bay and Beyond*.

Panelists include Sue Conley, co-founder of artisanal Cowgirl Creamery; Phyllis Faber co-founder Marin Agricultural Land that today has protected 48,000 acres in Marin; Helge Hellberg, former director of Marin Organic; Albert Straus who developed the first organic dairy west of the Mississippi and first organic creamery in the nation; and Warren Weber who led California's certified organic produce movement. Retiring Marin County Supervisor Steve Kinsey will join the discussion as our special guest.

Afterwards we will share a special toast to these innovators with local Point Reyes Vineyard champagne, and tasty delicacies made with the finest of local ingredients generously made and provided by Margaret Grade and Daniel De Long of Sir & Star.

Please join us for this very rare and special event, free at the Bolinas Community Center, 2 PM. Space is limited, be on time. Past Great Minds talks have been standing room only! This event is part of Bolinas Museum's BOUNTY! program celebrating the history, continuity and innovation of fine food production in Coastal Marin, which remains on view through the end of the year.

THE GRAND FRATERNAL ORDER OF MOTHERS, INC.

... would like to find suitable office space in Bolinas. It must have electricity and a good internet connection, and it should be dry and secure.

I am now designing our website and will launch it soon. Therefore, it is time to charter our first local chapter lodge, and the first one should be in Bolinas.

We are expanding the many benefits and comforts of brotherhood to include all of us who are working toward the common goals of mothers, members and helpers alike. We are focusing on nurturing practices and mutual benefit. These private club activities will strengthen our members and enrich our entire community.

Please, if you can, extend the helping hand of brotherhood to our fledgling brotherhood of mothers!

Thank you very much.

**BOB DEMMERLE FOR SCHOOL BOARD**

I have served the Bolinas-Stinson School District for 15 years as a volunteer in classrooms and field trips, coaching basketball and soccer and teaching an after school class for several years called Girls Club which focused on community service and the virtues. I have served on committees and have held leadership roles including Chair of Consolidation Task Force, Co-President of P.T.O. and 3 terms on Site Council, my last term just ending in September. I have two daughters, my eldest is a high school senior and my youngest is currently at the Bolinas-Stinson School. Both my daughters attended both of our pre-schools and have or are going through the Bolinas-Stinson school from K-8.

I understand the strengths and needs of our school. I believe we currently have a good school and I would like to work towards making our school a great school.

One focus I have had at our school for the past few years has been our school climate. I would like to work on adding a Social Emotional Learning (SEL) component to our Strategic Plan at the board level. SEL programs are in many if not most schools. There has been much research showing that having a focus on SEL improves academic learning. Makes sense that when a student feels good about themselves and the others around them their focus can then be on their school work.

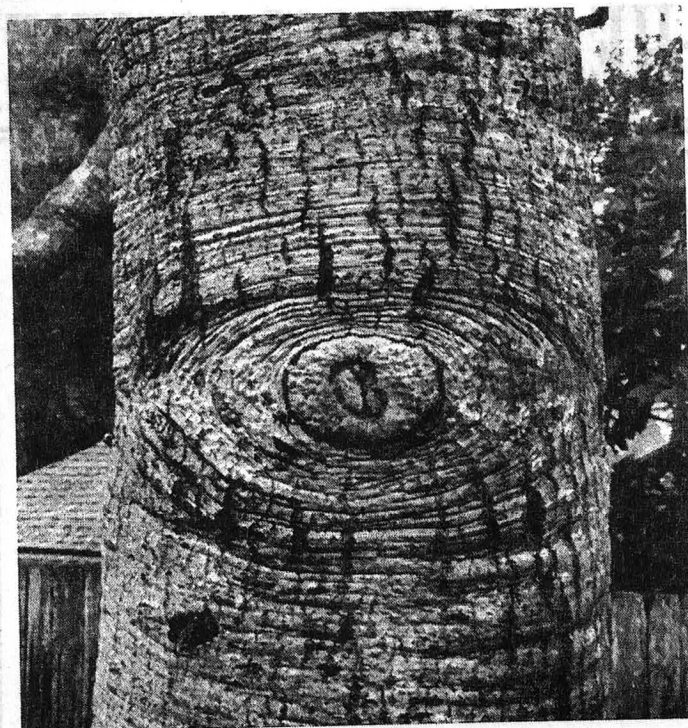

Social Emotional Learning is the process through which children and adults acquire and effectively apply knowledge, attitudes and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships and make responsible decisions.

Most SEL programs at schools are designed to enhance five areas of social and emotional development.

- 1) **SELF AWARENESS:** The ability to reflect on one's own feelings and thoughts and understand how those feelings and thoughts affect behavior.
- 2) **SELF MANAGEMENT:** (Self control) The ability to control one's own emotions, actions and thoughts.
- 3) **SOCIAL AWARENESS:** The ability to empathize with other people, understand and adhere to social cues and adopt behaviors so they are appropriate to a given social situation.
- 4) **RELATIONSHIP SKILLS:** The ability to communicate with peers, make friends, manage disagreements, manage appropriate and inappropriate peer pressure, and cooperate with a diverse range of people.
- 5) **RESPONSIBLE DECISION MAKING:** The ability to make healthy choices about one's own behavior while weighing consequences, safety, ethics and the well being of the group.

I have heard from many of you alumni students and parents, your personal history around school climate at our school and I know the climate over these past 15 years. We can do a much better job. At our small school physical bullying (hitting and stealing) is rarely a problem. It is the Verbal bullying (which is teasing, repeated embarrassing, name calling, and spreading rumors), Relational bullying (repeated excluded) and Cyber bullying (phone call, text, social media) which is a problem. When these students are in this situation, some day after day, where there are so few students and options this can be very damaging and lonesome. It's hard to give your best self on school work when you feel so down.

We need a cultural change at our school lead by the adults. We need to teach and model respect, kindness and responsibility. I can tell you from being with the children of our communities they suck up this positivity. They crave guidance and positive reinforcement and want to do what's right. They know in their hearts what feels good and they are capable of big change in a short time frame.

because it is all part of child development and it is up to us adults to be diligent and teach and empower our students to a self awareness that can serve them for a lifetime.

On 3 separate surveys last year from Site Council given to Teachers/Staff, Parents and most importantly Students "A sense of social emotional security" was ranked the lowest by ALL 3 GROUPS. Our current administration is behind the idea of improving this at our school. The time is ripe for movement in this area.

Next week, in this Hearsay I will write about academics, facilities bond and other school topics. The Point Reyes Light just came out with an article on all 3 candidates and I recommend all interested to read that article.

I hope you will consider voting for me and Thank You for your time.

### NEEDED-PART TIME PARK MANAGER

Firehouse Community Park Agency is looking for a Park Manager. This is part time position averaging approx. 10 hours per week. The Park Manager will be responsible for both the Downtown and Mesa Park facilities. This is an 'at large' position and the manager needs to be available by phone or email should issues arise that require immediate attention. Duties include but not limited to:

- Attending monthly board meetings. ( Board meets 2<sup>nd</sup> Monday of each month)
- Act as the key point of communication between the board and its vendors, project managers and contractors as necessary
- Tracking Measure A expenditures and acting as the key contact for work plans and reporting to Marin County.
- Update and maintain website as needed.
- Consulting with the board on findings during your duties
- Overseeing the maintenance of both facilities and facilitating maintenance work as needed.
- Act as the first point of contact with the public when issues arise and reporting any issues to the board.

As a part time position some days there may not be anything that needs attention but the manager must be available should an issue arise. We would prefer to hire someone local to west Marin as very often things come up that require the manager coming down to speak to someone, or unlock a door, or knowing who the key players are in Bolinas. Knowledge of wells, irrigation, and local water issues a plus. Salary commensurate with experience. Please send your resume along with a brief introduction telling us why you are a good fit for this position to: mesaparkboard@gmail.com www.bolinasparks.org
