By donation, no one turned away

### **FORWARD ON CLIMATE RALLY**

One Market Plaza (Embarcadero) S.F. 1-3pm  
ride share and info call Mark -0245

## READING TO JOHN

On Tues. 2/12 at 10 am on KWMR (89.9) I'll read more gems from Malaparte's "The Bird that Swallowed its Cage. In "Red Woman" we meet fetching, mysterious Tania on the streets of Moscow in 1929. In "The Little Hand" boys find the grisly, beautiful appendage while hunting through trash—a haunting childhood memory.

--Neshama Franklin

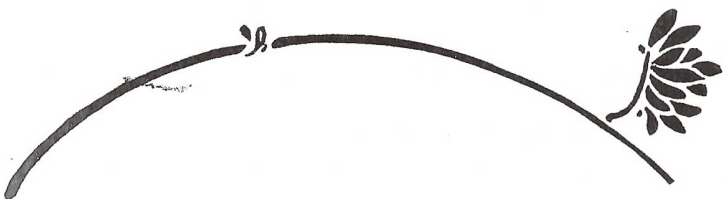

**STORMY SKY painting by Mary Siedman**

**ART RECEPTION THIS SAT. FEBRUARY 9**

**2-5 PM**

**GOSPEL FLAT FARMSTAND GALLERY**

## SEEKING THE WILD SOUND OF WEST MARIN

With any luck, I'll soon be hosting a Music of West Marin show on KWMR. As such, I am putting together an archive of old and new original Bolinas music. I want all genres, formats and fidelities including home recordings, self-released, unreleased and otherwise secret music of our secret land. If you want your music played on our local community supported radio, contact me, Jeff Manson at [mrjeffreymanson@gmail.com](mailto:mrjeffreymanson@gmail.com)

Next Wednesday (February 13) is Ash Wednesday and St. Aidan's is offering a novel opportunity: the chance to pause a moment and think about our morality, that is, to reflect on what's really important to us. There's a little ritual that's part of the Christian spiritual tradition: once a year we have a bit of ash smudged on our foreheads as the words are said, "Remember you are dust and to dust you shall return..." Rather austere, you say. Yes, and that's the point: occasionally we need to stop our business and usual for a moment and reflect on the deeper things of life: that time is precious, and limited; that what we do and say matters in this life and changes the world around us; that we are part of that world, have come from it and will return to it, part of a great web of Being for which we share responsibility and to which we are accountable.

St. Aidan's vicar, Whitney Roberson, will be standing near the Post Office in her white vestment and stole next Wednesday between noon and 1:00 offering ashes to anyone who might want to pause for moment's reflection about what matters most in this life....

-Submitted by Whitney Roberson

Dear Friends,

### Forward on Climate Bay Area Rally

Crippling drought. Devastating wildfires. Superstorm Sandy. Climate has come home — and the American people get it.

On Sunday, February 17, thousands of Americans will head to Washington, D.C. to make Forward on Climate the largest climate rally in history. Join this historic event to make your voice heard and help the president start his second term with strong climate action.

From rejecting the toxic Keystone XL tar sands pipeline to firing up our clean energy economy, Barack Obama's legacy as president will rest squarely on his response, resolve, and leadership in solving the climate crisis. That's why on February 17, we will be marching to the president's doorstep to show him that we can't afford to wait any longer. Sign up to join the action in D.C..

*As an alternative to going to Washington D.C., join the Sierra Club and 350 Bay Area at a Forward on Climate rally in San Francisco on Presidents Day to demand that President Obama take action on climate change and reject the Keystone XL Pipeline!*

**Where:** One Market Plaza (next to the Embarcadero BART, map)

**When:** Sunday, February 17, 1 – 3 p.m.

## MESA PARK BOARD MEETING

January 7, 2013, 7:00 PM  
Firehouse Community Room

Board Members Present: Patricia Hickey, Dylan Squires, Bryan Lee, Jane Mickelson  
Others: Angela Vernon, Roger Peacock, Vic Amoroso  
Call to Order: 7:03 pm

Community Expression: Miguel Bustamente expressed concerns about parking on the easement road between his property and the Downtown Park. Roger Peacock spoke about future plans for a moveable gate once construction is completed.

Downtown Park: [Patricia] Dylan has agreed as part of his position as treasurer to work to come up with an operational plan and budget. [Roger] We're trying to complete the project with the funds at hand and keep as much set aside for the future as possible. Currently working to complete the items we've got permits for and get them signed off. We want to do more planting on the hillside. [Vic] At one time we were going to put some collection tanks to trap water off the hill for summer irrigation. [Roger] One of the tanks is still there. We still need to add some pumps to get the water into it. It hasn't been plumbed yet. I'd like to get a budget together for the remaining projects. [Angela] Our biggest on-going expense is maintaining the bathrooms. [Dylan] We need to set up a meeting to discuss developing the budget. [Patricia] We absolutely have to have a plan to take to the county to apply for Measure A funds if possible, or county support. There are a few other items that came up: we need to get some way to control unapproved usage of the electric outlets. Can that be done easily and right away? We want to request that that be done. [Jane] I would like to see some kind of committee set up to oversee the park. [Patricia] That will have to wait until after the basic plan is designed. Let's schedule a meeting for February to do this. [Roger] I spoke with a sheriff recently and we need to meet with the sergeant up in Pt. Reyes. I'd like the sheriff to go into the park on the access road and check things out at night. [Patricia] I can go talk with them, and give them a copy of the park regulations.

Maintenance Report: Suki absent.

Pool Development: [Anna] Our surveys have come in very positive. People will pay usage fees. We have 87% commitment towards fees, so we've gone ahead and found a project manager for a feasibility study. We've had people come forward and offer financial help. We're currently working on getting lead donors. [Vic] The land belongs to BPUD, so they'd have to approve it first. You operate under the joint powers agreement. [Patricia] There are legal issues that need to be addressed right now. You also need to design a time-line for the project. [Vic] These are issues that should be settled before you begin your capital campaign for the project.

[Patricia] You need to get on the BPUD agenda and present the project.

Irrigation Report: [Bryan] I met with Oliver Co. and have their material on the lift station. Their bid had listed the Mesa Park lift station lumped into their award, but the award documents don't have an explicit listing; it's included in a larger project allocation. At this point we can go forward with the grant process. The project should only take two months or so to complete.

Treasurer's Report: Not much has happened with the Mesa Park maintenance due to winter weather, so there haven't been major expenses. [Patricia] We talked about relocating the skate park account. It's been inactive for a while. Suki's looking for an operational plan for the fields and to know what MP has the funding for. [Bryan] Safety issues are the most important concerns. [Dylan] We've got about a year's worth of funding left for Mesa Park.

Approve Warrants: Jane moved to approve; Bryan 2nd. All aye.

Up-date on election status: Jane passed out suggestion sheet on how we can pass the parcel tax next election.

Other: Jane was asked to add her consent of board position appointees decided at the December board meeting, and added her consented.

Approve Minutes: Jane moved to approve; Dylan 2nd. All aye.

Schedule next meeting: Feb. 4th

Adjourned: 8:57 pm

*Submitted by Jane Mickelson*

On February 25th, 2013, the FDA is posed to approve genetically engineered salmon for human consumption. This would be the first time in history that a genetically engineered animal would be approved for human consumption, setting the precedent for many more animal patents to follow. Already there are 25 other species of fish and a GMO pig awaiting approval.

The approval of GMO salmon carries with it the threat of major consequences for human health, the health of the wild salmon populations and the ecosystems that depend on them, and the economy of the wild salmon fishing industry. In addition, it is a fundamental animal cruelty ethical concern.

The good news is we still have until February 25th to contact the government and speak out against this! From now until Feb. 25th the FDA has issued a public comment period on this topic, so now is the time to call in and voice your opinion against GMO salmon.

You can take action by calling the FDA, the White House, your Congressmen, Senators, and Representatives and letting them know you will not support GMO salmon.

There are also many online petitions to sign and many other ways to speak out against GMO salmon. The time to act is NOW!

Thank you so much for your support!

#### **SWEETHEARTS OF THE RADIO**

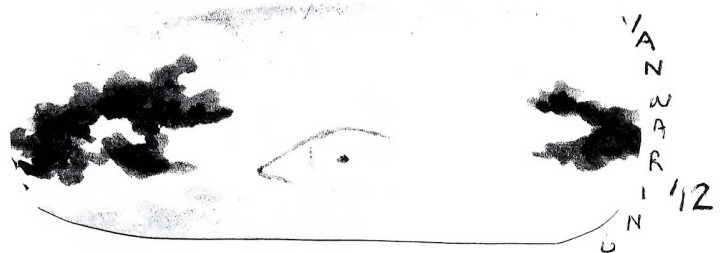

This benefit concert for KWMR Community Radio is a long-standing tradition in Point Reyes Station. From roots to bluegrass to folk and beyond the line-up never ceases to amaze those who attend. This year is no exception. Save the date and come and show your love for Community Radio this Valentine's season. This year Radiograms will be available to send to your loved ones anywhere in the world. Local wines will be poured and a plethora of desserts available. Don't miss this great show! For up-to-the-minute information, visit [www.kwmr.org](http://www.kwmr.org) or call KWMR at 415-663-8068. **Saturday, February 9 / 7 PM (doors open at 6 PM)**

#### **DAVID ABEL & JULIE STEINBERG**

Violinist David Abel and pianist Julie Steinberg appear frequently in recitals. Together they have recorded two sonata programs for Wilson Audio Records. At the Library of Congress, they have premiered works commissioned through the McKim Fund by Ernst Bacon, John Harbison, Steve Mackey, and Paul Dresher. They also have appeared in Michael Tilson Thomas' American Mavericks with the San Francisco Symphony. Joined by percussionist William Winant, they established the Abel-Steinberg-Winant Trio, and they have commissioned more twenty-five works for their unique combination including trios by Lou Harrison, Terry Riley, Ralph Shapey, and Fred-eric Rzewski. Both David Abel and Julie Steinberg have taught at Mills College in Oakland and at UC Berkeley.

**Tickets \$20 general / \$18 seniors / \$10 youth**

## How to contribute to the Hearsay News in person

Come to the office at 270 Elm at Maple, behind the BPUD  
office on Mondays, Wednesdays and Fridays between 9:30  
& 10:30 am to have your article appear the same day, and  
until 11:00 am for classified ads.

Ad forms are also available anytime in the small mailbox  
next to the Hearsay door. You can fill out the form and  
have your ad billed to you, or you can enclose payment  
(please note on your ad if you are paying cash in as they  
might become separated) & drop into door slot.
