Story Polls on Overlook

A lot of Bo folks have indicated concern about those very obnoxious story polls at 370 Overlook. Yes, that is my property but it was stolen from me a while back... not only the property but everything on it. They wanted to make sure I had no money for a lawyer. I went to court many times, found favor with the judges, so they had to make sure they stopped me by evicting me with no 5 day notice, required by law. I was about to go back in to have a ruling reconsidered due to new evidence when a couple pretended to buy my much loved property (no legal right or paperwork to do so). Recently they went in front of BCPUD and in order to get an "expanded water use permit" misrepresented what was already there. They stated there is only 2 bedrooms (no, there were 3 from the day I bought it in 1973 and some of our community have lived in it.) Rick Fields wrote his famous book on Zen Buddhism there when Peter Warshall lived there. When asked if there was a 2nd unit there, they said no ... hardly true, there has been a legal 2nd unit since 1977. Too bad Paul is no longer there, he would have certainly stopped the charade. By my estimation they are intending to have an equivalent of 9 or so bedrooms. Go check it out. It will ruin the privacy of many loved neighbors, and the view of the mountain - also as you drive by. I moved to a rural town, zoned Agricultural/ Residential, as did you. The intention is to flip the property- not to love it. They have not even replaced the fence in back - required by state law - since there is a Sewer Spray Area in the back, not "Open Space" as pretended in the ads prematurely advertising it. This is the property I made for survival in my old age. Not one law was complied with - I followed everything the phony hedge fund "bank" told me to do. I went to court many times alone. I need a lawyer to stop this and time to do so. New Calif. Supreme Court Ruling recorded Feb. 18 states I am the only one with "standing" (legal right) to go back in and get my deed back. I could not read their tiny public notice attached to stick on the ground. Please stop by and check it out if you can, write a letter to the county, and plan on coming to the Hearing.

Those of you who are concerned about Air Bud and other operations taking away Low-income housing, (my place always was that) and bringing in more out of town cars, then put your pen to work or call Marin Co. Planning. More information later. Thanks for all you can do.

EASTER OR NO, ARLO'S ALWAYS GOT EGGS
TO HUNT AT GOSPEL FLAT
PHOTO BY AUBREY TRINNAMAN

We are pleased to announce that Bolinas-Stinson School's middle school students will be screening their short ethnographic documentary films on Saturday evening at 7:00 in the Quesada building. All are welcome to attend!

About the project:

Our middle school students have been studying 4 global issues: migration, climate change, habitat preservation, and globalization. These student-made films, which include interviews with local community members connected to these issues, represent the local manifestations of these 4 global issues. The teachers and students have been working with an organization called World Story Exchange to help guide this project. These films will ultimately get shared in other communities around the world. We are very excited to be able to showcase our students' work on Saturday evening.

Saturday March 26th

7:00PM

QUESTING: WHERE IS THE PATH?

On Tuesday March 29th Bolinas's very own singer-songwriter Molly Maguire joins guest host Jan Broek and host Jane Mickelson in conversation about the inspiration, craft, and creativity of blending words and music. TUNE IN to KWMR at 11 AM.

Karaoke at the BCC Sunday, April 3rd

5:00 p.m.

ALL AGES!

**\$5-10 sliding scale
fundraiser kickoff party!**

Did you know that the Bolinas Bay Performing Arts provides at least \$3,000 a year in scholarship funding? That might not seem like a lot of money, but for an organization with a small operating budget, it is—we prioritize opportunity for participation for all members of our community, while ensuring local, experienced instructors get paid.

So...please join us for our scholarship fundraising kickoff party, where we will have a professional karaoke system complete with 50,000 songs from all genres. We'll do sign-ups for solos and group numbers...with words projected on the big screen!

We will have very affordable main dish...please bring a salad or dessert to share. The Bolinas Community Center will be providing the bar. Please come, and tell your friends!!

...unable to attend, but would like to contribute to our fundraising efforts? Please mail a check (made out to Bolinas Community Center) to PO Box 134, Bolinas, CA 94924

Dear Artists;

We are looking forward to you contributing your artistry to the 2016 Bolinas Community Center's Art and Garden fundraiser April 29th – May 1st. We are deeply grateful for your participation.

This year we're creating a multi-faceted event, rich with opportunities for the community to learn about the Flora and Fauna of our bioregion, and we're calling it:

WILD AT HOME: California Natives in the Garden and Beyond

Lea Earnheart, who is the main coordinator for the weekend's activities, has created a list – which you'll receive with your canvas – of common plants and animals with whom we share this Earth Place.

We ask that your work for this exhibit animate these beings, and thereby help all of us to become more aware of the Life in this place, beyond the human community.

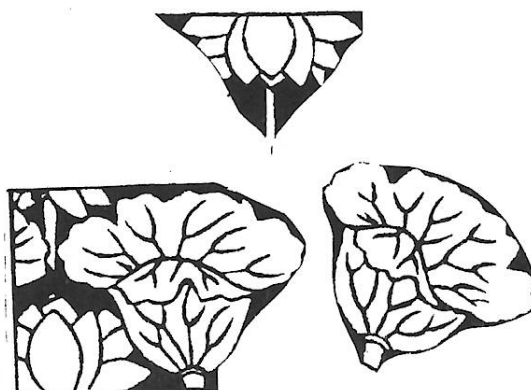

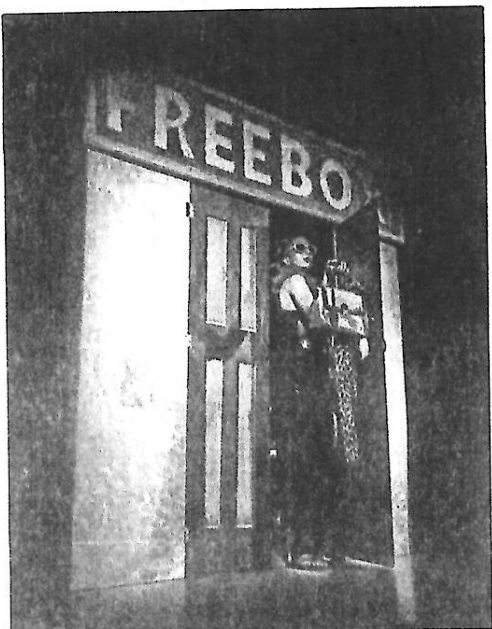

Call us 868.2128, stop by the office or email randi@bocenter.org if you are interested in participating in this special artistic adventure.!

Thank you

Come get free seeds from THE S.P.R.OUT SEED LIBRARY

Your community based Seed Library revived and very seedy. The Seed Library has been dormant for a spell, now *open* for you to come borrow seeds this Saturday at the Bolinas Commons Open House Brunch 10am-2pm. Like a tenacious seedling emerging from the compost pile, we are standing tall excited to share some of the fabulous (fresh!) seeds we have and invite you to be sovereign in your seediness.

The Bolinas Commons, at the old unquites store, has been hosting the seed library since our swap last week. Thank you all that came out with your seeds, starts, cuttings, tasty dinner offerings and good cheer- it was a huge success. Come show your support of the Seed Library being in the Commons tomorrow. It is still a fantastic time to start seeds for your summer garden, flower and medical bed. Come by and say hi. Reach us at sproutreach@gmail.com

PRO VAXX FAXX CREATE SKEPTICS: FLU FRENZY

When public health officials toll the bells for flu shots, their call to prayer is a warning klaxon. There's no evidence for benefits, only for harm. Lancet, the National Institute of Health, the New England Journal of Medicine, even the NY Times have reported numerous studies proving that influenza vaccines have no effect on preventing illness or reducing complications from influenza.

Flu vaccines are the leading cause for plaintiffs "winning" damages from the Vaccine Injury Compensation Fund. Sixty percent were for victims suffering Guillain-Barre syndrome from an autoimmune reaction to the vaccine. This causes paralysis, but hey, it's not polio. Narcolepsy is another major flu vaccine "adverse event." Good news for insomniacs.

The Cochrane Collaborative, an international medical review group, found only one case of influenza was prevented for every hundred people injected, but admitted this was skewed by industry funded research. Flu vaccines did not reduce sick days from work, hospitalizations or deaths.

The British Medical Journal reported "the optimistic and confident claims for effectiveness were so at odds with the evidence" that flu vaccine proponents were truly faith based. The frantic flogging of flu shots by public health officials is like a Shiite spectacle of religious frenzy, fueled by profits, not superstition. Their annual ritual of calling the faithful for flu shots cast doubt on medical mullahs fatwas allowing no exemptions to mandatory childhood vaccines.

The CDC, obstetrician and pediatrician prophets urge pregnant mothers to get flu shots. A 2004 Kaiser Permanente study of 50,000 mothers found no statistical difference in vaccinated and unvaccinated women getting sick, labor outcomes or hospitalization for respiratory illness. Vaccination during pregnancy doubled the rates of gestational diabetes and hypertension.

Flu shot contain mercury levels 200 times greater than the EPA's maximum allowable exposure per body weight for fetuses. Mercury levels are three times higher for most adults, fifteen times for younger kids. This rapidly breaks down into ethyl mercury.

Even the manufacturer warns that exposure in utero can cause "mental retardation and motor coordination impairment." The CDC suppressed evidence until 2014, when they were forced to release internal documents showing the mercury based preservative, thimerosal caused 800% higher rates of autism, sleep and speech disorders in unborn children subjected to vaccines with it.

The CDC claims 20% of influenza like illnesses (ILI) are actually caused by influenza viruses. A 2006 analysis of CDC data from the previous five years found an average of 12.5% of submitted lab samples tested positive for flu virus. The dominant flu strains infecting Americans those seasons had a 54% average antigen match with flu viruses selected the previous spring. Research doctors concluded "the average vaccine effectiveness is only a dismal 7.2%." Steve Heilig claimed my estimate of 6-9% effectiveness based on Canadian calculations would get a failing grade in his epidemiology class. The curve he graded on would be a called ball.
