THIS SAT. 3/31 AT THE BCC

"My Friend" 7-07  
The freebox is my friend.  
I shall not want.  
It helps me to walk  
around,  
in good clothes.  
It runs with my soles.  
Yes, though I walk on  
Brixton beach daily  
(I will fear no sheriff...  
for I am attired properly,  
by means, tols, and crackers  
They comfort me.  
My wife is cold.  
The surfers, they ride the  
wild waves and rest  
on green grass...  
Surely their wetcoats  
will cling to them  
in a most revealing manner,  
as long as there is surf.  
The hippies, the fishermen, and me  
will draw from the freebox  
in peace.  
And we will dwell in Bolinas  
forever.

what the HEARSAY is about

Last Fridays Hearsay was what it is about. Beautiful creative Art on the front by Vanessa, Critical Research article by Janine, appeal by Joe. This is what it is for ...not the blog sights from editors who have long ago needed to retire.

And... where are the BCPUD Minutes?

inquiring minds -- Jody Angel --

Hearsay News Needs New Editors

Some Editors have been there far too long. They seem to not get what NO SELF AGRIDISEMENT means. It applies to them.

What I sent in last week did not show up. My comments were that I loved the Original art of the Birds in front of Fridays paper and Genine's researched letter about the bogus Land Trust game of destruction (my words). They seem to know not the laws on eviction. How about they buy existing housing!

And Joe's letter- wow! Community expression is what it has always been about - not Editors. In honor of Joanne Kyger, who quit the Hearsay because some editors were using it to promote themselves!

Time to "pass the keys".  
Let's see if this gets printed.

READING TO JOHN

On Tues. Apr. 3 at 10 am on KWMR (89.9) I'll launch a new variation: all reviews, with an occasional personal story dropped in. How did this come about? I looked at the enormous backlog of reviews I've written and realized I'd never catch up on the air sharing only 4+ each program. And I've been struggling to find more public domain material. This way I can use my very own words plus excerpts from the books to convey flavor. So I'll give it a try and see how it feels.

I've been doing the show since 2001 (!) and look forward to a change. Also, no need to do these bi-weekly write ups in advance. Tune in and let me know how it work for you.

Capt. Krakauer and Chief Brown met with Jennifer Blackman and Bill Pearce at the BCPUD to discuss the results of the survey conducted by BCPUD staff, detailing obstructions and encroachments in the public rights-of-ways, also known as the non-County maintained roads, on the gridded Mesa. Previously, Chief Brown and Asst. Chief Marcotte met to determine the Fire District's priorities in regard to which roads need to be focused on first and what the District requires for roadway width. Based upon the District's desire to have every resident within at most a few blocks from a wide, well maintained road for safe egress in a fire situation, they highlighted the roads that should be prioritized first. In regard to the width of the roads, the State law requires all access roads in the Wildland Urban Interface (WUI) to be a minimum of 20 feet wide with 10 feet clear of vegetation on both sides. Bolinas is located entirely in the WUI zone. Jennifer and Bill received this information and Jennifer planned on presenting it to her Board at their February 21<sup>st</sup> meeting. Chief Brown attended that meeting in order to present the District's stance to the BCPUD board and to answer any questions that may arise. The BCPUD Board took the information and directed the BCPUD staff to continue with their work.

##### Operations/Administration

On February 7<sup>th</sup>, Jennifer Blackman and Chief Brown met with the new Sheriff's Lieutenant assigned to the Pt. Reyes substation, Lt. Jim Hickey. Lt. Hickey has been with the MCSO for over fifteen years. This will be his first assignment to the West Marin area. He was well informed on the issues facing our communities recently and seems very ready to address them to the best of his abilities. Jennifer and Chief Brown were both impressed with his demeanor and look forward to working with him.

Supervisor Rodoni is proposing an increase to the Transient Occupancy Tax in West Marin from 10% to 15%. This is a tax that is placed on every short term rental. The increase is only being proposed for the West Marin area. Chief Brown has felt that it is very important to somehow capture visitor funds as one way to address the increasing costs of providing emergency services to the high volume of visitors. The initiative of increasing the TOT tax seems to be a start to addressing the issue. The planned distribution of the additional 5% would be 50% dedicated for fire and emergency services and 50% dedicated

to long term community housing. Chief Brown expressed her feelings on the matter to Supervisor Rodoni who then asked her to be on the advisory committee. Chief Brown attended the first meeting on February 21<sup>st</sup>. The advisory committee is working through issues related to advancing the initiative to the November 2018 election. Right now, funding is being sought to cover costs that include mailings, signs, conducting a poll and a campaign manager. The total funds needed are approximately \$32,000 to \$50,000. Chief Brown is serving in an advisory capacity and will not be involved in any type of campaign work. The county is also working to address the seemingly high numbers of short term rentals in unincorporated Marin that do not pay the current TOT.

**Action Item #1-Request from Bolinas Community Land Trust for Support of Proposal to Prepare West Marin Housing Needs Study for Community Land Trust Association of West Marin (CLAM), BCLT, and San Geronimo Valley Affordable Housing Association (SGVAHA).**

The BCLT, CLAM and SGVAHA have come together and issued a Request for Proposals for the preparation of a Housing Needs Study. They are asking for the Bolinas Fire Protection District's support.

The purpose of the study is to determine what kinds of homes are

needed in order to stabilize West Marin communities. During a discussion with Arianne Dar, BCLT, about the subject, Pres. Kimball commented that this issue is something the BFPD is reviewing in terms of our recent work on the District Scoping Study where we are discussing demographic changes, impacts on the District and future vulnerabilities. The issue of affordable housing and how the communities provide this for their critical organizations such as schools, utility districts and emergency

services, is one that affects all of our communities and organizations. Pres. Kimball, Capt. Krakauer and Chief Brown met with Arianne to further discuss the issue. A question posed by Arianne was, "What will it take to stabilize our communities in terms of housing?" Every community is feeling the adverse effects of the lack of affordable homes for community members to live. We all agreed that the study would benefit many organizations in town including our own. In order to complete the study, the CLAM, BCLT and SGVAHA will be seeking donations to cover the cost of the research and preparation. Arianne feels their presentation to donors would be that much more impactful if multiple West Marin organizations were supporting the completion of the study. Dir. Shaw expressed concern regarding funding a "study" to determine the appropriate types of housing needed for the three West Marin Communities. To fund raise \$30,000 to \$50,000, the surmised cost of the study, seems a useless and inappropriate use of much needed funds, funds directly needed for housing itself.

**Action Item #2-Accept Recommendation from Personnel Committee for Capt. George Krakauer as Successor Fire Chief Contingent Upon Successful Completion of Training and Orientation.**

At the regular Board of Directors meeting held on February 27, 2017, as part of the Board of Director Scoping Study, the Board directed the Personnel Committee to undertake succession planning for the Fire Chief's position as I had informally let the Board know that I would be retiring on June 30, 2019. Since that time, a great deal of work and research went into developing a position description/job flyer including salary range for the Chief's position. The Personnel Committee then went about the task of determining if there was a candidate that could be developed for the position from within the department or if the District would need to begin the process of searching more broadly for potential candidates. The Personnel Committee identified Captain George Krakauer as a potential candidate and began discussions with him. Captain Krakauer has been with the department for 10 years. In that time, he has shown himself to be extremely competent and well respected by all. After much discussion, and consultation with the departments Officer's who all supported Captain Krakauer for the position, the Personnel Committee has determined that Capt. Krakauer would make an outstanding candidate to begin training and orientation for the Chief's position.

**Action Item #3 - Accept Independent Contract Agreement for Bookkeeping Services With Kaaren Gaan.**

The Finance Committee met with Admin. Asst. Lynam and Kaaren Gaan to discuss the problems with this past years audit and the steps to take moving forward. As was detailed at the January regular Board meeting, Ms. Gaan stepped in during the audit fieldwork to help correct and complete work that was either not done or done incorrectly by Maze and Assoc. The Finance Committee has determined that it would be in the Districts best interest to not continue the Agreement for Services with Maze and Associates. Ms. Gaan has agreed to work with the Finance Committee to create a Request for Proposal in order to search for and hire a new bookkeeper for the District. She has also offered to act as the District bookkeeper until a new one can be hired.
