To The Bolinas Community:

On Wednesday morning, April 25, 2018 at approximately 9:38 a.m., we experienced a small spill from our sewer system in front of 45 Wharf Road due to a hole that formed in a ductile iron pipe underground at this location. BCPUD personnel were on site within approximately ten minutes and the spill was contained immediately; however, some of the discharge reached the nearby storm drain and may have entered the Bolinas Lagoon. Notifications therefore were made immediately to the California Emergency Management Agency and the Marin County Environmental Health Services Department. BCPUD staff collected water samples near the storm drain discharge to the Bolinas Lagoon, as well as upstream and downstream of the discharge location. We will update you as we obtain additional information.

I would like to take this opportunity to thank our very alert community members who were downtown on Wednesday morning and called us the moment they saw this spill begin. As a result, our staff was able to respond and take action to stop the spill and begin clean-up within ten minutes. Bolinas is an awesome community!!!

Please call me at 868-1224 or e-mail me at jblackman@bcpud.org if you have any questions.

Thanks,

Jennifer Blackman

Basil (1998)

Christian Slater
Jared Leto
Claire Forlani
Derek Jacobi

This film in my opinion was beautifully done. Again it's not a feel good film but it was good to see these actors in a different light. It takes place in turn of the century England involving a young man of nobility, (Jared Leto, Dallas Buyers Club, Suicide Squad) a mysterious older man, Christian Slater (Pump Up the Volume, Kuffs ,Heathers) unrequited love, a devoted friend and a controlling father. (Derek Jacobi) I just did a search on Amazon prime and found this film. It was the cast that drew me in and kept me with it. I just had to stay tuned to see how it would turn out.

Stinson/Bolinas Community Fund Grant Application Deadline Coming Soon!

This is a reminder that the Stinson/Bolinas Community Fund Grant **Application deadline is Monday, April 30th** (that's this Monday folks!). If you would like to submit a grant for funding for a project or program that benefits the Bolinas or Stinson Beach communities, you can send it in on Monday via email to belle.w.wood@gmail.com or via us mail to S/BCF, P.O. Box 367, Stinson Beach, CA 94970 (applications postmarked on 4/30/18 will be accepted). Applications are available on our website at www.sbcfgrants.org.

The Stinson/Bolinas Community Fund was created and is supported by a group of local donors to provide funding for projects that benefit the Stinson Beach and Bolinas communities. The donors who created this Fund act as the Fund's advisors, recommending which projects should be supported by this community effort. **The maximum grant the Fund provides is \$3000 per grant cycle and there is no minimum amount.** The Fund has two grant cycles per year with application deadlines of April 30 and October 31.

To find out more about the Stinson/Bolinas Community Fund and the application process, please visit our website at www.sbcfgrants.org.

LAST PICNIC:

ROB MOSS WILSON & VAN WARING

DOUBLE
BLIND
INTERVIEW

In anticipation of their forthcoming exhibition "Last Picnic," I put local artists Van Waring and Rob Moss Wilson in two different rooms, and interrogated them with the same five questions. Read on to see if their stories check out... -Jeff Manson

JM: What is the last picnic to you?

VW: End of the empire, the decadence, the false abundance, the bounty- even at the expense of others, trampling through our landscape...oh just the audacity to revel in it all as we spiral out.

RMW: For me last picnic isn't the last picnic ever like an event but more of a style of throwing a picnic deciding to do it spontaneously not checking the weather, inviting everyone you know and telling them to bring whoever because it's so last minute you just gotta let circumstance be the curator of the experience and a pot luck but not a stressful one because some people will bring too much and some won't have time to make anything special and that's fine cause its gonna work out and everyone will have a memorable time.

What artists inspire you?

VW: Always drawn to illustrators-classics such as Maurice Sendak, William Steig, Tove Jansson of the Moomin Troll story series like *The Comet in Moominland* in which these funny creatures go on an adventure as a threatened comet comes closer and closer to earth.

RMW: Grandma Moses, Horace Pippin, Hans Emmenegger, Steve Harley, Milton Avery, just to name my right now favs.

What were your earliest memories of making art?

VW: Writing and drawing my own stories and thinking up clever author/artist bios starting at age six. Forcing my brother into doing collaborative art projects- just always seeking comrades in this funny practice of art making.

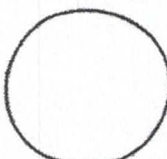

RMW: Getting in the zone so deep at dinner parties with adults around at school on the weekend filling any gap and occupying a space most reserve for what they call boredom and entertaining myself with all the things getting pulled from the abyss.

What's your ideal scenario for making art?

VW: Working in a space with good light, working alongside others-free flowing with ideas you can share back and forth. I have been enjoying hitting up the Commons for co-working while

Miguel hosts the space with his wonderful coffee and treats (even if everyone else is on a lap top, nice to balance it out with a little watercolor.)

RMW: Ideal scenario- not in a rush, loose wrists hungry for color anticipating a surprise and proud to be rooted in this absurd task.

What's in your picnic basket?

VW: A roasted chicken, local soft cheeses, fruit obviously and a bottle of lillet, -best picnic I've been too was out at Divide Meadow on a Mother's Day. Very decadent. We've got it good out here.

RMW: Hard boiled eggs, good rye bread, peppered salami, pickled fish, plenty of kraut, Pt Reyes blue, and a box of wine.

The Evening Pink — Part Three:
March 17–April 30

The Farmstand Art Space:
140 Olema-Bolinas Rd, Bolinas, CA

Closing + gallery walk-through:
April 28, 2-6 PM (walk-through at 4)

An Anti-Western shot at the twilight of climate fallout, The Evening Pink chronicles performers confronting "Climate Dysphoria" — fears of civilization-collapse through climate change — amidst landscapes severely affected by drought, fire, flood, and the total disruption of seasons, ecologies. A conscious revisiting of the Western genre, the project is comprised of unique photographic prints, books, and film-based works created between the Pacific Ocean and interior American West.

On April 28, the project will be revealed in its entirety, concluding with a gallery walk-through and discussion at 4 PM.

Minutes from the March 26th 2018, Bolinas Fire Protection District Board Meeting

Pres. Kimball called the regular meeting of the Bolinas Fire Protection District to order at 7:00PM. Vice Pres. Chiera, Dir. Shaw, Dir. Gade and Dir. Martinelli were present. Also present: Chief Brown and Administrative Assistant Candance Lynam.

MSC Shaw/Chiera (unan.) to approve the agenda.

CHIEF'S REPORT
NERA

Chief Brown attended the February 28th Governing Board meeting. Deputy Executive Officer Dave Jeffries reported that staff continues to work with Motorola on a number of issues including cutover planning, site audits and engineering. The FCC has approved licenses for the Next Gen radio frequencies. The first order for field equipment was made for agencies that had an immediate need for radios; staff is currently working on a second order to potentially take advantage of Motorola discounts. MERA is also working on promoting the filing period for the Low-Income Senior Homeowner Parcel Tax Exemption for the 2018 - 2019 tax year. Qualified seniors must apply each tax year. The Bolinas Fire Protection District will be helping spread information by posting on Nextdoor and in the Hearsay. Work is also continuing on site development and the CEQA process schedule.

Prevention

Chief Brown was unable to attend the March 11th Wildfire Symposium held in Pt. Reyes. However, there was a good turnout with one hundred and fifty people attending. The topics discussed were similar to previous meetings held in other areas. As part of the Bolinas Volunteer Firefighter Association's community prevention work, the Association provided five smoke detectors to a resident after a Fire and Life Safety inspection. The Association has a program that will provide detectors to anyone who cannot afford them.

Training

EMT training culminated in an all day skills testing to recertify all of our EMT's. On March 10th, Assistant Chief Marcotte and Firefighter Chris Deibel administered a test to the EMT's on eleven different skills. We are very appreciative to both Steve and Chris for taking the time to instruct our EMT's. Chief Brown taught at CPR class to two NPS employees on March 14th.

Volunteers

We have four new potential volunteers. Willie Norton turned eighteen and has handed in an application. Two BCPUD employees, Andrew Spalding and Stew Oakander, attended our last training. They are both interested in learning more about our operations, which was the intention of the Shared Services Agreement worked out with the BCPUD over a year ago. Also, Luke

Arnold, who works at the hardware store, attended the last training and is still interested in becoming a volunteer. Luke was attending drills at the end of last year but stopped once we stopped trainings for the year.

Apparatus

A portion of the Operations Working Group has begun meeting to discuss the schedule and costs associated with replacing U219. You may recall that our Vehicle Replacement spreadsheet had U219 being replaced in 2022. Chief Brown has been informing the Finance Committee that it will have to be replaced sooner due to frequent mechanical failures. We expect to replace the unit by the end of this calendar year. FF Pete Maendle and Captain George Krakauer have been researching shops that can complete the transfer of the utility box to a new chassis. Chief Brown will be updating the Board with details as they become available.

Disaster Council

Richard Dillman was able to reprogram most of our Area Coordinator's radios and also offered refresher training on the radios on the evening of March 13th. Only about half of our Area Coordinators were able to attend. Firefighter Godfrey will now be working to contact the remaining Area Coordinators to be sure their radios are updated. We will also be speaking with them about having a sufficient number of Neighborhood Liaisons. Since Syd and Dick Bass moved, Area 2 was in need of a new Area Coordinator. We are happy to report that Beth Carusillo has offered to fill that position. Chief Brown and Firefighter Godfrey met with Director Shaw to discuss Disaster Council operations. The board discussed possible options for emergency situations and agreed that the work that the Disaster Council is doing should be emphasized to the community.

Update provided under Board Committee Reports.

General Operations/Administration

Chief Brown continues to participate on the TOT2 Advisory Committee. At the last meeting on March 23rd, a draft letter outlining frequently asked questions was reviewed. This letter will be sent to the West Marin Chamber of Commerce as several members oppose the measure. We hosted a West Marin Chiefs meeting here on March 9th. Chiefs from all seven West Marin Departments attended. Topics discussed included the potential passage of the increase in the TOT and what each department would expend those funds on. Also discussed was the work being done in the County to address community wildfire preparedness, and the possible agreement between the NPS and Marin County Fire Department for the County to provide vegetation fire protection. Chief Brown attended the Marin County Chiefs meeting on March 15th. A PG&E representative made a presentation on the work they are undertaking with Cal Fire to improve fire preparedness and safety in communities. They are reviewing the possibility of improving early notifications and the possibility of turning power off before or during an event. This issue was brought up by a resident at our November community meeting. Southern California apparently will shut power down in certain areas during wind and fire events. The representative said there are many considerations to be taken when considering turning off resident's electricity. He will keep the Chiefs updated as the issue progresses. Chief Brown attended the last half of Sup. Rodoni's office hours held at the BCC on March 16th. Topics under discussion were the parking issues in Bolinas as well as people living in their vehicles, affordable housing, the need for an emergency roadway from the Mesa and speeding on Horseshoe Hill Rd.

Surfers' Overlook Repair/Terrace Avenue

On March 15th, Jennifer Blackman, BCPUD, Sean Kennings, LAK Associates and Chief Brown met with Sup. Rodoni. The intention of the meeting was to provide Sup. Rodoni with information regarding all of the work that has been done to preserve Terrace Avenue up to this point and the need to move forward with Phase II of the Surfer's Overlook repair. Sup. Rodoni was very supportive of the project. Sean and he believe we need to begin researching the permitting requirements for the next phase. Sup. Rodoni's

assistant is going to schedule a meeting with us as well as Tom Lai, Jack Liebster and Ernest Klock in order to discuss what the best approach to completing Phase II is.

COMMITTEE REPORTS

Updates from Finance and Budget, Personnel, Building and Grounds and Operational Working Group.

Finance Committee - The Finance Committee will be starting to draft the FY 18/19 Budget.

Personnel Committee: No Update.

Buildings and Grounds - Our HV Unit recently failed and cost just over \$6,000 to replace. In 2015 we had to replace another of the three HV units' due to its failure. One of the engine bay doors had a mechanical failure and cost \$4,000 to repair. We are finding that the majority of these costs are related to the high cost of labor and the travel time to Bolinas.

In the next year we'll be budgeting \$10,000 for Buildings and Grounds reserve rather than \$5,000.

Operations Working Group - No Update.

COAST GUARD HOUSING COMMUNITY MEETING

The County of Marin expects to purchase the Point Reyes Coast Guard property in 2019 or 2020 for permanently affordable housing. The Coast Guard Community Working Group and Marin Community Development Agency are asking for your input as the County develops a request for proposals from housing developers to rehabilitate and manage the 36 two-, three-, and four-bedroom townhomes and barracks with 24 single-rooms as permanently affordable homes.

Community input received from the April 30th meeting will be used in the Request for Proposals. Please come with ideas on these topics:

- How do we serve those most in need in our community while meeting our responsibilities under federal civil rights laws?
- What do you want to see on the site?
- How do we welcome and integrate the new families into the community?

REUNIONES COMUNITARIAS

SOBRE VIVIENDAS EN EL GUARDACOSTAS DE "POINT REYES"

En los años 2019 o 2020 el Condado de Marin planea comprar la propiedad donde se encuentra el Guardacostas en Point Reyes y utilizar esa propiedad para vivienda económicamente accesible y en forma permanente. El Grupo de Trabajo de la Comunidad de Guardacostas y la Agencia de Desarrollo de la Comunidad del Condado de Marin solicitan su aporte mientras el Condado de Marin obtiene propuestas de los desarrolladores de vivienda para poder rehabilitar y administrar las 36 viviendas de dos, tres o cuatro habitaciones y los 24 cuarteles de una habitación para convertirlos en vivienda económicamente accesible y en forma permanente.

El aporte comunitario recibido en la junta del 30 de abril se utilizará para solicitar propuestas. Favor de llegar con ideas relacionadas a estos temas:

- ¿Cómo podremos servir a los más necesitados de nuestra comunidad mientras cumplimos nuestras responsabilidades bajo las leyes federales de derechos civiles?
- ¿Que desea ver en esa propiedad?
- ¿Cómo podremos dar la bienvenida e integrar nuevas familias a la comunidad?

How to contribute to the Hearsay News in person
 Come to the office at 270 Elm at Maple, behind the BPUD office on Mon's, Wed's and Fri's between 9:30 & 10:30 am to have your article appear the same day, and until 11:00 am for classified ads.

Ad forms are also available anytime in the small mail box next to the Hearsay door. You can fill out the form and have your ad billed to you, or you can enclose payment (please note on your ad if you are paying cash in case they become separated) & drop into door slot.
