**Lots of Winners at 52<sup>nd</sup> Annual Fishing Derby**

Nick Marcott won the Bolinas Rod and Boat Club's 52<sup>nd</sup> Annual Fishing Derby with a 26 pound halibut; but in addition 20 children, six teenagers and six adults earned trophies with salmon, halibut, ling cod and rock cod. All together there were 133 registrants in the Derby, which was up 10% from last year. 65 fish were weighed for trophies (up 50% from last year, but with more ling cod and rock cod by boys and girls under 12) – and many more were caught and not weighed. Of the 65 weighed fish, 28 were salmon, 13 were halibut, 12 were ling cod, and 1 was a striper. There were a few more salmon caught than last year; but there were nine more halibut caught, and they were big. Multiple whale sighting were made each day, but none were caught.

Nick at 16 years old won the overall trophy for Largest Fish, and handily beat his elders in the men and women category. Esteban Cespedes won first place in the adult men's division with a 24.5 pound halibut, followed by Ned Brown with a 23.6 pound halibut and Kris Dierks with a 23.4 pound halibut. They edged out Shane Boyce who had the largest salmon of the Derby weighing in at 22.9 pounds. Also noteworthy was the 15.6 pound ling cod caught by Tom Richards.

Danny Hobson won the adult women with a 15.7 pound salmon, followed by Kate Tehaney with a 15 pound halibut and Alex Lelas with a 12 pound halibut.

The teen women was won for the second year in a row by Phoebe Brown, winning first with a 16.6 pound salmon. She was followed by Charlie McPhail with a 12 pound salmon and Marina McPhail with a 3 pound ling cod. The teen men was won by July Guzman with a 20 pound halibut, followed by Willy Norton with a 17 pound salmon, and Kingston Dixon with 15 pound salmon.

Boys 12 and under was won by Luis Fontan with a 13.95 pound salmon, followed by Parker Heffelfinger with a 13.7 pound salmon, and Jack Moseley with a 9 pound ling cod. Tyler Onarato caught a 7.2 pound striper, which was the only striper registered at the Derby; whereas the prior year there were 9 strippers registered, and a 20 pounder won the men's division. Girls 12 and under was won by Anna Rauh with an 8 pound ling cod, with second place going to Layla O'Conner with a 5 pound halibut, and third to Jessica Rauh with a 2.45 rock cod.

The Directors Award was given to Cricket Evans in recognition of her volunteering for four time slots to support this year's Derby. She said that she had too many trophies at her house and then offered the award to Anna Gade for her repeat performance organizing the Derby Barbeque.

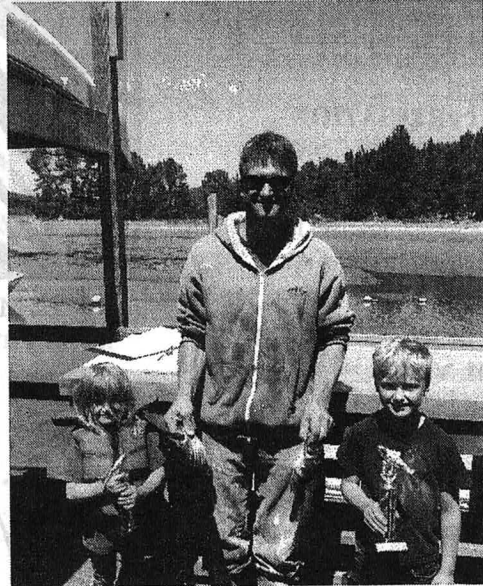

The first place finishers each selected a salmon fishing rod and reel set valued at \$250-300, in addition to their trophies. The second and third place finishers each selected a rod and reel set valued at \$150-\$200.

Following the Award Ceremony, Largest Fish winner Nick Marcott tossed the raffle tickets with a serving spoon in a large salad bowl, and then the youngest catcher of a Derby fish, 4-year-old Alice Martinelli with a 1.4 pound rock cod, selected the winning tickets. The winner of the raffle drawing for the 12 person suite of Oakland A's baseball tickets was Dan "Boone" O'Connor of Bolinas. He had swapped his participant T-shirt (has too many from prior Derbies) for the winning ticket. Four other raffle winners got fishing tackle valued from \$25 to \$250.

The success of the 2016 Fishing Derby was the direct result of the support of our 52 sponsors and 40 volunteers and the relentless fishing of our 133 participants. Please plan to join us for the 53<sup>rd</sup> Annual Fishing Derby next summer. -Bob MacDonald

### WHITE ELEPHANT SILENT AUCTION

There are many ways to participate in Labor Day, but the silent auction is one of those great win win opportunities. The Community Center wins when there are great items to sell, as that helps us support all the wonderful classes and events that happen at the BCC. The donor wins by passing on some artifact that need to be released back to the community. Something way-to-nice to throw away, but for whatever reason (too full of memories or not enough time for your own garage sale) something you don't want to sell.

The white elephant always reminds me of Ganesha, the Hindu deity that has an elephant head, and multiple arms. Ganesha is the remover of obstacles. So if your stuff is weighing you down, bring the beautiful, useful, desirable items to the Community Center. We'll do our best to find someone who will love it.

P.S. Your donations are tax deductible, we'll be happy to give you a receipt.

We found this wonderful drawing of Ward while going through some papers. Does anyone know who drew it?

-Submitted by the family of Ward Young

**POINT REYES LIGHT**

**Ward Arthur Young**

Our wonderful friend, partner, colleague, teacher, father, brother and uncle Ward Young, 63, passed away from an apparent heart attack on Friday, July 22, 2016, while riding his bicycle on Mt. Tamalpais. The town of Bolinas is mourning the loss of a beloved community father.

Ward grew up in a large loving family in Elyria, Ohio, and migrated to California in the early 1970s, graduated from UC Berkeley and became an ardent activist for environmental and social justice.

Ward took part in numerous political direct action and political theater campaigns. He fought to close the Diablo Canyon nuclear power plant; protested America's wars; worked with Bikes Not Bombs in Nicaragua and with the United Farmworkers; helped to protect 6.5 million acres of critical habitat for the endangered desert tortoise; and edited the newspaper of the Abalone Alliance. He co-founded and co-directed the Bay Area Nuclear Waste Coalition (BAN Waste), which stopped the proposed Ward Valley nuclear waste dump and sponsored legislation to outlaw dumping of radioactive waste in California.

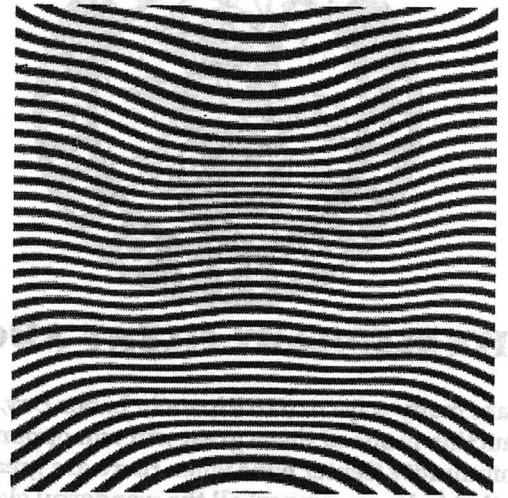

Ward and his loving partner Rachel Johnson delighted in their son Orié Johnson-Young, who graduated with highest honors from Tamalpais High School and is on his way to UC Santa Barbara this fall. Ward was formerly president of the Bolinas Community Center and was current director of the Bolinas Children's Center, to which he dedicated his life for the last 15 years. He was a highly respected colleague, teacher and mentor to hundreds of children and their families. Ward was known for his intelligence, integrity, creative expression, dedication to peace and justice, sense of humor and joy of life. People came from far and wide for his amazing BBQ and pumpkin pies.

Ward loved bicycling, it was his way of exercising and taking care of his health, as well as his meditation practice, his way of connecting with nature, and a time to collect his thoughts.

We will all miss this exceptional and beloved man. Ward is survived by his partner Rachel and their son Orié, his 2 brothers and 2 sisters and their families, and Rachel's mother and 3 sisters and their families, and his many grateful compadres.

Donations in memory of Ward would be gratefully received for Orié's Education Fund. Checks can be made to Rachel Johnson, P.O. Box 894, Bolinas, CA 94924 or online at [www.gofundme.com/2guvfvw3](http://www.gofundme.com/2guvfvw3). - From the friends and family of Ward -

*From the California Native Plant Society ...*

Native vegetation evolved to live with the local climate, soil types, and animals. This long process brings us several gardening advantages.

**Save Water:**

Once established, many native plants need minimal irrigation beyond normal rainfall.

**Low Maintenance:**

Low maintenance landscaping methods are a natural fit with native plants that are already adapted to the local environment. Look forward to using less water, little to no fertilizer, little to no pesticides, less pruning, and less of your time.

**Pesticide Freedom:**

Native plants have developed their own defenses against many pests and diseases. Since most pesticides kill indiscriminately, beneficial insects become secondary targets in the fight against pests. Reducing or eliminating pesticide use lets natural pest control take over and keeps garden toxins out of our creeks and watersheds.

**Wildlife Viewing:**

Native plants, birds, butterflies, beneficial insects, and interesting critters are "made for each other." Research shows that native wildlife prefers native plants.

**Support Local Ecology:**

As development replaces natural habitats, planting gardens, parks, and roadsides with California natives can provide a "bridge" to nearby remaining wildlands.

Beautiful natural landscapes in California, including the scenic National Parks here, display authentic California flora. Your garden can too.
