**A VERY SPECIAL LABOR DAY**

In what way? You may ask. Well, at 12 noon the long planned and thought out new downtown Park will be dedicated with a ribbon cutting at it's entrance. I have sat in on a few of the latest meeting of the committee, and I commend them for the regard they give to each one's opinion, and the thoroughness and thoughtfulness of each issue. I hope you all will come and thank them for a job not quite finished, but well done.

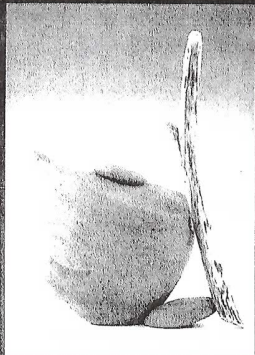

Following the dedication will be the annual Community Center BBQ, Silent Auction, and local talent entertainment on two stages. One stage will be in the Plaza, and the other will be in the Street. Come down and enjoy all the Labor Day activities, and, better yet, volunteer to help, and share, and be a part of a unique community experience.

**THANK YOU Bolinas folks!**

**Our town looks great!**

Our new Bolinas community Park is going to have an opening celebration and I would like to send out a heart felt Thank you to all the people who brought this wonderful park to fruition.

We worried when that land went up for sale, after 38 years of being weed and dog poop filled Burnt Park. Someone might have built a new out-of-character with the town kind of structure. But thanks to the vision of our generous donor, we have a park for everyone to enjoy. The donor bought the land for the purpose of becoming a park and financed its development through the Mesa Park Board. He has given a timeless gift to us now and to future generations! Thank you to the committee who worked tirelessly to research, hold community meetings, take community input, guide the design, the drainage and construction, find the stone (that will not need maintenance or replacement like wood) and oversaw the installation. The core committee, I believe, is Jack Siedman, Harriett Kossman, John Glavis, Zoe Gardner, Angela Vernon and Michael Rafferty with Alethea Patton and Roger Peacock as consultants. And the plant people too. These are people who have invested their lives, expertise and energy into our town over decades. If I have missed anyone thank you too. (An essential piece of this is that now everyone must respect the park and the rules of the park!) And thank you John and Samira for allowing your store wall to be filled with joyful art and thank you Harriet and all the people who helped renew it.

Thank you also to the Bolinas Community Land Trust, Community Center and home owners who have painted their historic buildings and planted flowers. Also thank you to the newcomers to Bolinas who have bought some of our historic homes that and lovingly restored them.

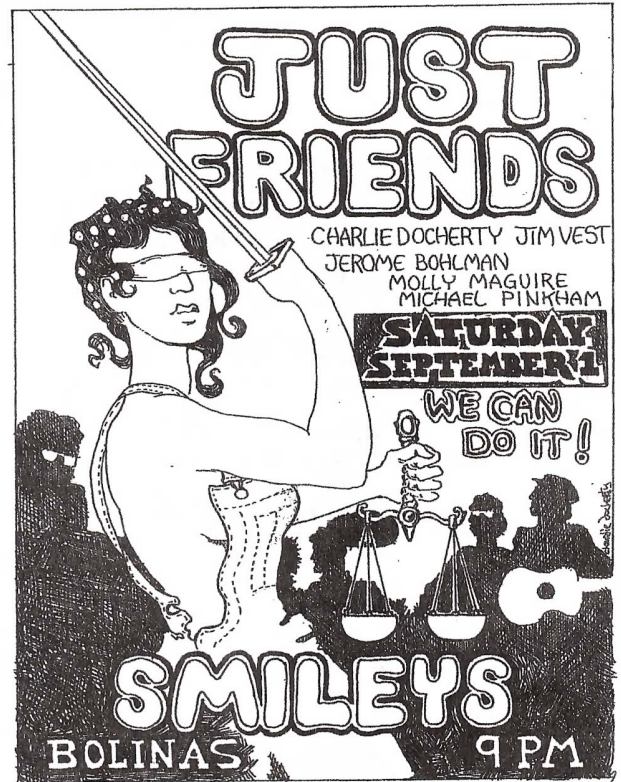

I know there are community members who preferred the dirty, run down shabby look of our town and resent and fear all this aesthetic improvement. As a visual person myself who loves our town, and took root here almost 40 years ago and has gathered our town history, it makes my eyes and heart happy to drive into our downtown and see it looking loved and cared for. This is not improvement for tourists, this is for us, the community and visitors can enjoy it too. Thank you also to the BCPUD who cleaned up the eucalyptus forest coming into town, I love the way light plays through the trees, the BCPUD also is constantly watching over, repairing and maintaining our water and sewer service. Thank you to the People's Store for you constant improvements. Thank you to Ewan McDonald who, in 1988, rescued and restored the derelict structures that now are owned by the Bolinas Museum and thank you museum Director Vandy Seeburg and Don Deane owner of Smiley's Schooner Saloon and Shervin and Kimberly, owners of the historic barn.... for taking such good care of your buildings. Our town's historic buildings are treasures. They are testimonials to the previous turn of the century occupants who built this community. Further profound thanks to the individuals who, in the 1960s and 70s, fought to preserve the lagoon and our Bolinas. So many people have invested their time, money, creativity, labor and love into Bolinas downtown and it shows. THANK YOU!

BOLINAS IS OUR LIVING ROOM

I would like to start a community discussion about the pros and cons of leaving objects on our roads for others to pick up. Clearly, there are positive things about finding treasures on street corners as well as negative things of having to deal with unwanted junk piles. Another collection of giant mattresses has appeared in various roadside places on the mesa left for others to pick-up. Perhaps people should leave their name & phone number on any items left on the street and, if they aren't gone in a week, take them away themselves. Please write your opinions.

**HAPPY LABOR DAY**

**FROM THE STATE OF THE UNION ADDRESS**

**Abraham Lincoln (December 3, 1861)**

It is not needed nor fitting here that a general argument should be made in favor of popular institutions, but there is one point, with its connections, not so hackneyed as most others, to which I ask a brief attention. It is the effort to place capital on an equal footing with, if not above, labor in the structure of government. It is assumed that labor is available only in connection with capital; that nobody labors unless somebody else, owning capital, somehow by the use of it induces him to labor. This assumed, it is next considered whether it is best that capital shall hire laborers, and thus induce them to work by their own consent, or buy them and drive them to it without their consent. Having proceeded so far, it is naturally concluded that all laborers are either hired laborers or what we call slaves. And further, it is assumed that whoever is once a hired laborer is fixed in that condition for life.

Now there is no such relation between capital and labor as assumed, nor is there any such thing as a free man being fixed for life in the condition of a hired laborer. Both these assumptions are false, and all inferences from them are groundless.

Labor is prior to and independent of capital. Capital is only the fruit of labor, and could never have existed if labor had not first existed. Labor is the superior of capital, and deserves much the higher consideration. Capital has its rights, which are as worthy of protection as any other rights. Nor is it denied that there is, and probably always will be, a relation between labor and capital producing mutual benefits. The error is in assuming that the whole labor of community exists within that relation. A few men own capital, and that few avoid labor themselves, and with their capital hire or buy another few to labor for them. A large majority belong to neither class--neither work for others nor have others working for them. In most of the Southern States a majority of the whole people of all colors are neither slaves nor masters, while in the Northern a large majority are neither hirers nor hired. Men, with their families--wives, sons, and daughters--work for themselves on their farms, in their houses, and in their shops, taking the whole product to themselves, and asking no favors of capital on the one hand nor of hired laborers or slaves on the other. It is not forgotten that a considerable number of persons mingle their own labor with capital; that is, they labor with their own hands and also buy or hire others to labor for them; but this is only a mixed and not a distinct class. No principle stated is disturbed by the existence of this mixed class.

Again, as has already been said, there is not of necessity

any such thing as the free hired laborer being fixed to that condition for life. Many independent men everywhere in these States a few years back in their lives were hired laborers. The prudent, penniless beginner in the world labors for wages awhile, saves a surplus with which to buy tools or land for himself, then labors on his own account another while, and at length hires another new beginner to help him. This is the just and generous and prosperous system which opens the way to all, gives hope to all, and consequent energy and progress and improvement of condition to all. No men living are more worthy to be trusted than those who toil up from poverty; none less inclined to take or touch aught which they have not honestly earned. Let them beware of surrendering a political power which they already possess, and which if surrendered will surely be used to close the door of advancement against such as they and to fix new disabilities and burdens upon them till all of liberty shall be lost.

Pres. Buchanan called the regular meeting of the Bolinas Fire Protection District to order at 7:35PM. Dir. Smith, Dir. Kimball and Dir. O'Donnell were present. Also present: Chief Brown, Secretary Brown and Jenny Pfeiffer. Vice Pres. Kilkenny was absent. MSC, Kimball/Smith (unan with one absence) to approve the agenda.

**CHIEF'S REPORT**  
**MERA**

Chief Brown reported that the MERA meeting held on June 20<sup>th</sup> proceeded as predicted: the new governance committee was accepted unanimously. There has been some discussion regarding the nomination of Tiburon Fire Chief Richard Pierce to represent the fire departments which Chief Brown strongly supports. Pres. Buchanan asked if IPUD Manager Scott McMorrow was our representative on the executive committee. Chief Brown clarified that Scott serves on the temporary governance committee, not on the executive committee. Dir. Kimball asked who is now in charge of MERA after Farhad Mansourian has retired. Chief Brown answered that Marc Revere, Novato FPD Chief is now the President, Matthew Hymel, Marin County Administrator the Vice President, and Craig Tackaberry, DPW replaced Farhad for MERA operations.

**Prevention**

Chief Brown reported that the BCPUD is moving the high pressure water main away from Surfer's Overlook. The project will take at least two months to complete and will involve closing Terrace during the working hours at Surfer's Overlook. The top of Terrace will remain open.

**Inspection**

380 Larch - Emergency Access

**Planning**

- 20 Nymph Road - Demolish existing residence, construct new one
- 15 Oak Road - Legalize existing retaining wall
- 415 Yucca - Solar Install
- 365 Dogwood - Solar Install
- 100 Mesa Road - Addition to communications tower - Verizon
- 40 Mesa Road - Solar Install
- 76 Altura Road - Remodel
- 324 Ocean Parkway - Addition
- 160 Overlook - Solar Install
- 280 Mesa - Demolish existing structure, construct new one, and legalize multiple existing structures

**Training**

Chief Brown reported that Wildland training continues on Tuesday night drills. Capt. Martinelli instructed training on July 17<sup>th</sup>. He reviewed terminology, fire behavior and safety. Chief Brown remarked that there have been daily fires of late in the greater northern California region due to dry and windy conditions.

**Volunteers**

BFD/BCPUD Shared Personnel Update: The reciprocal training issue is yet to be resolved.

**Apparatus**

Equipment for the new U231 has been received. Hopefully, the vehicle will be complete by July 23<sup>rd</sup> due to Ian Johnson's help with proper equipment acquisition and installation. U219 is presently getting an annual maintenance service including new back brakes and tires. The cost will be approximately \$3,500. Dir. Kimball asked when U219 is due for replacement. Chief Brown answered that there are 8 years left on its 20 year operation schedule. Chief Brown reported that the old U231 may not be fit for resale. She plans to have Cheda's Garage in Point Reyes Station evaluate the Unit. If it is determined to be too problematic for resale, she plans to use it for extrication

**Disaster Council**

Chief Brown reported that she will be collecting and delivering all DC radios to Richard Dillman on August 23<sup>rd</sup> for reprogramming with a new frequency load. She is in the process of collecting them from all of the Area Coordinators. Dir. Kimball commended Richard Dillman for his knowledge and expertise but emphasized the need for an alternate back-up in the case of his absence. Chief Brown concurred and has consulted with Inverness Fire Chief Fox regarding the issue.

The next West Marin Disaster Council meeting is scheduled for August 23. Chief Brown met with representatives from the Marin County Office of Emergency Services and with Tsunami experts from CalEMA regarding appropriate Tsunami signage in Bolinas. Signs will be installed around town informing residents and visitors of the Tsunami Zone and evacuation routes.

**General Operations**

Chief Brown thanked the Personnel and Finance Committees for their time spent in recent weeks to discuss budget issues. She is grateful for the experience, knowledge and spirit of cooperativeness that the committee members bring to the table.

Chief Brown reported that Capt. Smith recently taught a CPR class to the Bolinas Stinson Summer Camp counselors. She reported that groups of campers are scheduled to come to the fire station to learn about safety and enjoy the fire engines. The first group who attended were lots of fun.

Chief Brown reported that even though Volunteers ran six calls in a 24-hour period over July 4<sup>th</sup>, it was a relatively smooth event. She commended Matt Lewis for his excellent preparatory work to make sure parking signage was in place, managing vehicle check points and

volunteers. She reiterated that this level of management of a public event is imperative for public safety. She met with the new president of the Lion's Club, Bill Barton, as well as Matt Lewis to review what has worked and what is absolutely necessary for the next July 4<sup>th</sup>.

Pres. Buchanan asked if the Dept. is allowed to follow up after fire calls to check in on patient's medical conditions. Chief Brown answered that due to HIPPA and privacy laws, information is no longer made available regarding patient outcomes.

**Surfer's Overlook**

Dir. Kimball reported that the County signed the MOU (Memorandum of Understanding) between the BCPUD and the County of Marin regarding phase two of a Geotechnical Assessment of Terrace Avenue at Surfer's Overlook in Bolinas. The proposal was approved from Sanders & Associates Geotechnical engineers ("SAGE").

An inquiry of subsurface conditions needs to be completed in order to plan for a full bluff stabilization. Test borings into the substrate are planned to be completed before the BCPUD moves water lines along Terrace Avenue. The drillings are scheduled for September 24<sup>th</sup>. Earnest Klock at Marin County is kindly trying to get the permit fees waived for the drilling.

Chief Brown added that a Marin County Fire Chief Association meeting is scheduled for August at the station. Thirty people are expected and lunch will be served by Suki Ferrari.

The number of fire calls doubled from 12 to 24 during the month of June.

**Maintenance Agreement – CHA**  
See Action Item #1.

**GENERAL BUSINESS**

Action Item #1: Review and accept amendment to Commercial Lease with Coastal Health Alliance.

Chief Brown remarked that Lease was first drafted in 2007. Since then, there has been enough time to realize the needs for maintenance of the common areas including the parking lot, landscaping, sidewalks, propane tank, sewer lines and generator. Dir. Kimball helped Chief Brown to figure out an agreement regarding the shared costs of paying off the CREBS Bonds for the solar equipment and system installed at both sites. In the future (thirteen years) when the bonds are paid off, both parties will craft a new agreement for how to proceed. Chief Brown thanked Dir. Kimball for all of his time and effort spent on the agreement. Pres. Buchanan thanked both Chief

Brown and Dir. Kimball for their excellent work. Dir. Kimball added that procedures outlined in the Lease agreement are already being followed such as tracking solar and energy use by both agencies.

MSC, O'Donnell/Kimball (unan with one absence) to review and accept Commercial Lease with CHA.

Action Item #2: Approve Preliminary Budget for FY12/13.

Chief Brown reviewed the Draft Budget with the Board and answered questions about specific items in the budget including possible COLA raises, vacation pay outs, CalPERS costs, and reduced income due to property merges. All extra funds will be transferred to the Vehicle Replacement Fund which will act as a buffer against unforeseen costs or unexpected loss of income. Raising the basic fire tax, which has not been raised since 1990, is another option for increasing revenues if needed. Dir. Kimball thanked Chief Brown for her good work on the budget.

If approved, the budget will go out for public review from July 30 to Aug 3, 2012, and then will be adopted at the August Board meeting after a public hearing.

MSC, Kimball/Smith (unan with one absence) to approve Preliminary Budget for FY12/13.

Discussion: Emergency only access and egress alternatives to closure of Terrace Avenue and Overlook Road.  
No update.

Discussion: Verizon request to add microwave dish to existing Crown Castle tower located on Fire District property.  
No response as of yet heard from Verizon.

**CONSENT CALENDAR**

MSC, O'Donnell/Smith (unan with one absence) to approve the Consent Calendar including the Minutes from the June 25, 2012 regular meeting and the warrant lists from June 20 – July 17, 2012. The financial reports for June 2012 including the account balances have yet to be received from the County of Marin and therefore could not be approved.

**PUBLIC EXPRESSION**

Jenny Pfeiffer asked Chief Brown if she had contacted the County regarding inspection requirements for solar installations. Chief Brown responded that she is not qualified to do building inspections on behalf of the County. She inspects for fire codes and safety, not for electrical or engineering codes. Dir. Kimball suggested contacting Sup. Steve Kinsey or his associates to find out if County inspectors of solar installations will only inspect solar equipment and turn a "blind eye" to other non-related potential unpermitted structures, etc in order to promote residential solar installations. Jenny also expressed concern about the locked door in the rear room of the post office. She is concerned about public safety in the case of someone needing to exit the rear door in an emergency which is now permanently locked. Chief Brown said she would investigate the possibility of installing panic hardware on the rear door which can be opened from the inside but remains locked from the outside. The hardware is expensive. Greg Welch was mentioned as the owner of the building.

**COMMITTEE REPORTS**

None.

**BOARD MEMBER REPORT**

None.

**PERSONNEL MATTERS**

None.

**ANNOUNCEMENT**

None.

**GOOD OF THE ORDER**

Chief Brown expressed her gratitude for working for the District for nine years as Chief. She thanked the Board for their knowledge, cooperation and thoughtfulness and the Volunteers for their continued dedication. Dir. Kimball acknowledged the Boards service to the Volunteers with continued support. He recognizes that the Volunteer Dept offers an opportunity to the young people in the

community for training and advancement in fire service.

Pres. Buchanan thanked Jenny Pfeiffer and acknowledged her as a long standing faithful servant to the community.

**ADJOURNMENT**

MSC, Smith/O'Donnell (unan with one absence) to adjourn the meeting at 9:08 PM.

Respectfully submitted,

Molly Brown  
District Secretary
