**SOLICITING VOLUNTEERS FOR A RESEARCH PROJECT:
COGNITIVE CONTROL OVER OUR DISABILITIES**

Our physical limitations are experienced in a multitude of ways. Some people encounter them at birth, others as a result of accidents, and the phenomena is certainly widespread as we age. The limited or disabled individual may experience anger, weakness, sadness, shame, embarrassment, disappointment as a result of the disability. Since being disabled is upsetting, an individual seeks to find ways of minimizing the upset. I am investigating, in short confidential interviews, those cognitive (thinking) controls individuals use to tolerate and change their experience. I am inviting you to participate in a research study to identify the ways you use thinking to minimize emotional upset when your body doesn't respond to your expectations. The interview is expected to take less than an hour. There is no cost and no compensation for participating. Your identity will be kept anonymous. You may choose to stop participating at any time. If you have any concerns or questions about this study, or choose to participate, please contact Bill Robbins Ph.D. at billrobbinsphd@gmail.com or at (415)346-4341.

DOCUMENTARY TRUST

Award-winning documentary *TRUST: Second Acts in Young Lives* will screen at the Bolinas Community Center Tuesday, September 18 at 7 PM. Filmmakers Nancy Kelly and Kenji Yamamoto will be there in person.

In *TRUST*, Marlin, an 18-year-old Hondureña shares a little bit about her childhood with a neighborhood teen theater company. It is a traumatic story. Amazing things unfold as the young actors transform Marlin's story into a daring, original play. *TRUST* is about creativity and the unexpected resources inside people often discounted because they are poor, young, or of color.

"It is in the lived struggles of young people, children who are buffeted by the forces of globalization, repression, and sexual violence, that we can learn a thing or two about education and youth."

Rick Ayers, Huffington Post review of *TRUST*

True Stories (Take 2)

My husband who rarely goes to plays (unless I'm in them and he has to) never misses *True Stories* and calls it "the best entertainment in town. I stole the idea for *True Stories* from *Spark* in Santa Monica. It is a story-telling event once a month with a theme like "Blue" or "Mothers," for example. Seven "folks like you and me" read aloud a personal/true story 6 to 8 minutes long. My brother was reading a story for *Spark* about when we hijacked a plane to Oaxaca (true story!), and I was in LA and able to see the show. I was moved and inspired: honest, real, moving, funny, entertainment. No baloney, no hype, and no phoniness. I loved everything about it. The individual readers became one: raw, imperfect, and lovable humanity. And, though I might not relate to the specific details of people's stories, I could relate to the emotions and the human experience. I even loved the free refreshments afterwards (so generous) and the chance to talk to readers and share stories. "I wanna do that in Baja!" I thought. So, I copied their rules (minus the theme--our town is too small to limit the stories) found a space and got 7 people courageous enough to tell a story, and did it. People, both readers, and audience loved it, so I have continued. I have done 6 in Baja, so far.

Last year, I decided to venture into Bolinas where we spend our summers (hurricane season in Baja). This was a bit harder for different reasons. People are busier, I am not well known enough to coerce people or call in favors, and people here don't like ANY rules. (And, believe me, rules are few: personal/true, 6 to 8 minutes when read aloud.) I cancelled the normally required rehearsal (people are too busy, plus no need for a mic here). Whitney, the hip, generous minister at St. Aidan's was open and game, so we did it. "Full steam ahead!" Carrie our librarian, Michael Rafferty, Neshama Franklin, and Rob Stewart are some of the locals who generously shared their hearts and lives. So, like a two year old who claps and cries out enthusiastically, "Again!" we are doing another one with some repeat readers (Neshama, Liz Vezzani, Rob), some newbies (Jane Mickelson, Kirk Kirkham), and some surprise guests. Please come and support your friends and neighbors, and keep telling your own stories to anyone who will listen. Who knows, you may be inspired to participate next year for *True Stories (Take 3)*! Reading will be at Saint Aidan's, Sept. 15th, 7pm. Free refreshments. \$5-\$10 suggested donation for show.

MESA PARK BOARD MEETING
MONDAY, AUGUST 13, 2012 7:00 PM
FIREHOUSE COMMUNITY MEETING ROOM

Call to order: 7:06 PM

Board members present: Patricia Hickey, Jane Mickelson, Bryan Lee

Others: Lia Sabbatini, Jennifer Blackman, Roger Peacock, Vic Amoroso, Jack Siedman, Dylan Styles, Jennie Pfeiffer.

Community Expression

--Jennifer Blackman, BCPUD manager, asked about use of MP parking lot for equipment for Terrace Ave. water main repair project, anticipating mid-Oct. to mid-Dec.; and for Household Hazardous Waste collection day on Sept. 15i, supervised by the San Rafael fire department. Charles needs to consult with the winning contractor at a pre-construction meeting before the water main project begins. Board approved both uses.

--Lia Kourula, BCC general manager, requesting use of the Downtown Park for a Food Festival, October 13th 10 AM - 5 PM. Everyone in the park would have to have insurance to cover liability for food vending. section for kids, games. The vendors would have to take any of their own trash, and we'd org. clean up. [Jack S] I'd like to make a distinction between a non-profit fund-raiser for a local organization as opposed to regular open vending in the park. This board needs to make a distinction. [Lia] I'd love to get confirmation on this. It's only 2 months away. Is there a way to okay it now? [Roger] Don't do things on the grass or the pathways but on the roadways and driveway. There's room for vendors there. We are trying to protect the grass. There's a food pavilion area. We might be able to have a sink and water. We should do a walk-through. [Lia] We'll arrange a shuttle to bring folks from the parking lot at Mesa Park. We have confirmed a number of food vendors from the local area. [Patricia] Measure A is on the ballot in November for support of Marin county parks. We could also promote that at the festival.

Downtown Park - status

--Roger Peacock: policy for park use: update. We needed to see what the finances were and then implement more of the program for the park. We're working to develop a program to run the park. We can move forward as we learn what the needs are. Mowing will require a push mower to not damage the grass. We're creating the big picture for maintaining the park and allocating tasks. We may need to hire a manager. We have been discussing how to handle vending. [Bryan] The cost of the maintenance comes out of the DT park budget? [Roger] Yes. We've set aside enough for 2 years, based on current understanding of needs, but we'll know better what the budget needs are as the park is used and cleaned. [Vic] Do you have a storage area? [Jack] The committee recommends that we buy a storage shed, a weed-wacker, and a lawn mower. Supplies & hoses could be kept there. [Bryan] Please bring that budget to the next meeting. [Jack] It's important to have a use policy, and proper information signage. Discussion ensued about vending, community response to it, the possibility of issuing permits, and including information on how to obtain them on the sign. Perhaps limit vending to non-profit corporations that are using the park for fund-raising. [Bryan] We need to come up with the appropriate policy language for next meeting. [Jenny] I am in favor of vending and that it's hasty to open the park by prohibiting the vending. We should try it and see how it goes, and handle the problems when they come up. [Vic] Perhaps a monthly flea market could be held. [Jack] We did talk about a monthly flea market/farmer's market. [Bryan] The BCC's food festival can be a good test of this. See how it works and the logistics. The policy would have to be that the board would have oversight.

Maintenance report

--Garbage policy
--Disposal of old tractor
--use of parking lot for private party for the week of Aug. 20-24. Will need an extra portable toilet for that time. Full time attendant needs to be on-site 24 hours/day. Mowing for fire safety needs to be done. Bryan & Charles will talk with the company in charge. Jane will handle communications with valet company and the manager of the party preparations.

Pool Development: no report

Irrigation Project

--Repair or replace damaged water storage tank
Bryan: There haven't been any new details but Jennifer spoke with Mary Baum, our grant project manager at California State Parks and they're still evaluating our grant amendment and felt positive about it. We're ready to do pre-submittal as soon as funds are available & we can go into the permitting phase. They'll halt the project as soon as the rains begin. This may delay it until the spring. We're waiting on the meeting with the county until we hear about the funding. We have everything prepared and ready to go.

Treasurer's Report: [Patricia] Redwood Engineering for DT park went out this month. [Roger] We'll have a final bill from Redwood soon. [Patricia] We need to set up with Christine to handle the budget for the park. She is also working with the audit.

Approve Warrants: Jane moved to approve, Patricia 2nd. All aye

Other: No comments

Approve Minutes: Patricia approved, Jane 2nd, all aye

UMTEENTH (actually the 27th) COASTAL CLEAN-UP SATURDAY SEPT 15TH 9am to Noon End of Brighton Ave

Once again the third Sat of September is California Coastal Cleanup Day as well as International Coastal Cleanup. I love the idea of being part of one of the largest volunteer events in the world! Coastal Cleanup Day is a great way for families, students, service groups, and neighbors to join together, take care of our fragile marine environment, show community support for our shared natural resources, learn about the impacts of marine debris and how we can prevent them, and to have fun! All by walking the beach (or any waterway of your choice), gathering whatever debris you come up on, and then turning in the 'data' to the Ca Coastal Commission.

The 'data' is the part that's different than picking up garbage like we do everyday. Yes, we probably all pick up garbage when you see it on the beaches. But this day we sort it into categories, count it, weigh it, recycle what we can and contribute the rest to the land-fill.

Bring your own bucket, wear safe clothing, gloves if you like, sunscreen? Hat?

The 'theme' this year is "Every Piece Of Trash You Remove Reveals Something Beautiful". In other words, every decision counts, every action counts, and every bit of trash counts.

John Doe & Ramblin' Jack Elliott
KWMR Produces Concert for Fall Pledge Drive
Saturday, September 29
Bolinas Community Center

September 10, 2012

KWMR has added another premium to its Fall Pledge Drive that music lovers will not want to miss! Happening in Bolinas, this concert benefits West Marin Community Radio with all proceeds going toward the Pledge Goal of \$49,900. That number was chosen to highlight the Bolinas signal of 89.9.

The concert features 2-time Grammy Winner and National Medal of Arts Recipient Ramblin' Jack Elliott, and John Doe, singer/songwriter, actor, poet, guitarist and bass player. "It is a thrill to bring together these two artists at one concert," stated Amanda Eichstaedt, Executive Director/Station Manager of KWMR. "The rock/folk/roots music that both these singer/songwriters have produced is pure dynamite."

Opening the concert is Alison Harris and the Barn Owls, a Sonoma County band led by Harris, a classically trained singer/songwriter. Contemporary female artists such as Lucinda Williams, Emmy Lou Harris, and Gillian Welch have heavily influenced her music.

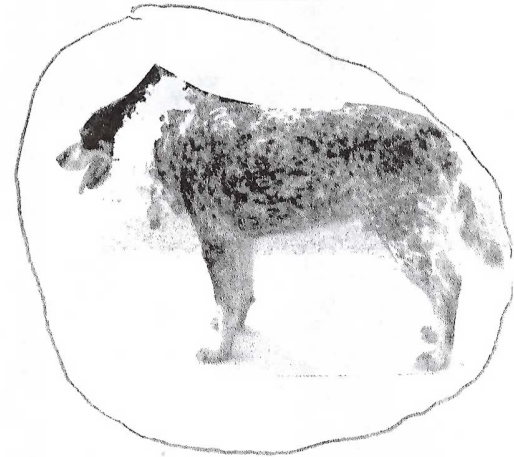

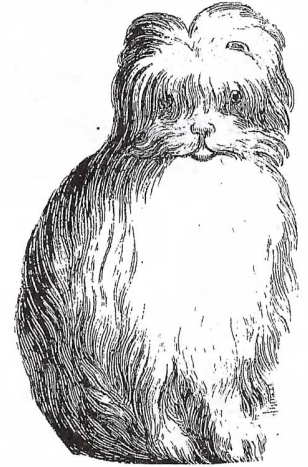

As one part of KWMR's Fall Pledge Drive — September 20 through 30 — the concert supports a great community resource. From 90.5 FM Point Reyes Station and 89.9 FM Bolinas, KWMR broadcasts to West Marin, parts of Sonoma County, and the west side of San Francisco. From www.kwמר.org, the station can be streamed anywhere with an Internet connection. The Public Radio App brings KWMR to smart phones.

Concertgoers can purchase tickets for the event at www.kwמר.org or at the station during business hours (10 am-5 pm). The street address is 11431 State Route 1 in Point Reyes Station, at the corner of Mesa Road. The office is Suite #8 in the Creamery Business Center.

In addition, a special three-course dinner will be served before the concert — prepared by Chef David Cook of the Coast Café. *Tickets may be purchased for the concert only or for the dinner and the concert.*

- 6:00 pm—Dinner and the concert, \$80
- 7:30 pm—Concert only, \$30

The Bolinas Community Center is 14 Wharf Road, Bolinas.

THE POOL
in Bolinas

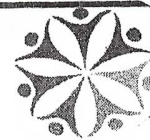

WE WILL BUILD IT IF YOU WILL SWIM!
Dear Citizens of Bolinas and Stinson Beach,
Check your mailboxes for The Definitive Survey regarding our Pool in Bolinas. Your responses to this piece will determine if we have the user base to sustain the maintenance of a state-of-the-art swim facility that is more affordable than the over-the-hill alternatives. Our aim is to use the results of this survey to show funding sources that there are enough people who will pay to use the pool. We won't seek to raise taxes.

Kids can take swim lessons locally, lap swimmers, seniors and those with mobility challenges will have an optimum choice for exercise; a recreation option will open for teens and families.

Our quality of life will be that much sweeter! Without your response, we will never know if the pool is possible for our communities. Send it in, drop it off at either the Stinson Beach or Bolinas Library, or take it online at the.poolinbolinas.org.

Your pool steering committee: John Bryant, Kathy Bustamante, Anna Mohn Gade, Brenda Stine, Donna Andrews, John Hutchinson.

INNER RIDDUM

Inner Riddim is a dynamic, high-energy reggae band. Their "Roots Dance Hall" sound is complete with cool grooves, intense breaks, and subtle rhythms. The sound they create is an excellent environment for lead vocalist Emilien "Sky-I" Deschamps of Martinique to express himself in English, French, and his native Creole patois. An inspired vocalist and performer, he brings consciousness and dignity to the dance hall scene. Sky-I addresses issues of social justice, spiritual connectedness, and planetary stewardship in his lyrics, touching on issues important to us all. Burton Eubank on 'riddum' guitar!

POOL BIG CONCERN

How would a swimming pool affect the water moratorium? I don't know the answer, I'm just putting forward the question. However, it seems to me, intuitively, that it would weaken our position of needing a water moratorium in order to conserve water. What do you think?

Also, secondarily, who would pay for the pool?
