The last appointment is at 2 PM.

Free event.

David Lindley

DAVID LINDLEY

Multi-instrumentalist David Lindley performs music that redefines the word "eclectic." Lindley, well known for his many years as the featured accompanist with Jackson Browne, and leader of his own band El Rayo-X, has long championed the concept of world music. The David Lindley electro-acoustic performance effortlessly combines American folk, blues, and bluegrass traditions with elements from African, Arabic, Asian, Celtic, Malagasy, and Turkish musical sources. Lindley incorporates an incredible array of stringed instruments including but not limited to Kona and Weissenborn Hawaiian lap steel guitar, Turkish saz and chumbus, Middle Eastern oud, and Irish bouzouki. The eye-poppingly clad "Mr. Dave's" uncanny vocal mimicry and demented sense of humor make his onstage banter a highlight of the show.

Saturday, February 22, 8 PM
Tickets: \$34 general, \$32 seniors, \$17 youth

Go to Health: The Morning After Pill

Emergency contraception (EC) is birth control that can prevent pregnancy after sex; EC methods include pills and the copper IUD. All sexually active young people should know about these methods. EC can be used right away or up to 5 days after sex if a woman didn't use birth control, a condom broke, or in a situation of rape.

EC makes pregnancy much less likely, but is not as effective as regular contraceptives - the pill, IUD or condoms. Parents who are worried about EC should know that the methods are safe, and extensive research has shown that their availability does not increase the likelihood that a teenager will engage in sexually risky behavior, such as inconsistent use of contraception or having multiple sexual partners.

Plan B One-Step and the generic Next Choice One Dose contain a progesterone-like compound - levonorgestrel - that is found in many birth control pills. It does not harm an established pregnancy nor decrease future fertility. EC is most effective when taken within 2 days after unprotected sex, but has some effectiveness up to 5 days later. The EC pills are less effective for women who weigh more than 154 pounds. Plan B One-Step and Next Choice One Dose are available without a prescription to females or males (males don't take it - but give it to their partners!) age 15 or older. Younger people must have a prescription. The cost of Plan B is \$40-\$50 - probably less at a family planning agency.

Princeton University has a website that explains EC in detail - ec.princeton.edu. Some women feel side effects such as headache, fatigue or breast tenderness after EC pills- these symptoms generally go away in a day or two. Unexpected bleeding or an early or late period may occur - these side effects are not dangerous. Pharmacies such as CVS and Walgreens carry these pills in the aisles containing other family planning methods.

Ella is a prescription EC pill that is more effective than Plan B, especially for obese women and in situations when more time has past since unprotected sex. Its ingredient is ulipristal acetate, which will delay ovulation. It may also work by preventing implantation of the fertilized egg. Ella is available online

for \$40 (including shipping) at www.ella-kwikmed.com. A physician will take a history on-line and prescribe the pill. It will be delivered by FedEx within 1-2 days, signature required. Ella should not be used if the woman has an established pregnancy.

Copper IUD - this is the most effective form of EC. The IUD must be placed within 5 days of unprotected sex; it is more effective than pills in preventing pregnancy and it can remain in place for as many as 12 years. The Affordable Care Act (Obamacare) promises women contraception without copay. However, the girl or woman must find a family planning agency (such as Planned Parenthood) or a clinician experienced in IUD placement.

Medical Abortion Pills - Emergency contraceptive pills work before a pregnancy has started, so they do not create an abortion. However, there are two compounds in current use that can be used for a so-called medical abortion. Mifepristone - which used to be called RU486, or the French abortion pill, acts by blocking the action of progesterone, a hormone needed to sustain a pregnancy. Misoprostol, otherwise known as Cytotec, is then taken to soften and open the cervix and cause uterine contractions, expelling the pregnancy. These two drugs are used together in the first 9 weeks of pregnancy, under the supervision of a trained doctor or nurse practitioner. Medical abortion is available in California at many family planning clinics. Women should not 'go it alone' with misoprostol without medical supervision, even though it is available on the Internet.

In states such as Texas where many women's clinics have been shut down, women are turning to misoprostol pills on their own for inducing an abortion. They are getting the drug on line, or across the border in Mexico, where it is sold over the counter. They may have very little information as to proper dosage, but when bleeding begins they hope to go to a clinic or hospital for a suction procedure to complete the abortion. Throughout Latin America, where abortion is mainly illegal, women are taking misoprostol in this manner. It is tragic and disgraceful that the situation in our country has come to this.

You can support Wendy Davis, Democratic candidate for governor of Texas, who has pledged to reopen family planning clinics if she wins. Support her through Emily's List, or on numerous internet websites.

BCPUD Board of Directors to Appoint new Volunteer Committee to Assist with Water Conservation Efforts

Are you interested in and/or knowledgeable about water conservation? Do you have some good ideas to share with your friends and neighbors? Do you have some time available to volunteer in your community? If so, please consider submitting a statement of interest in serving on the BCPUD's soon-to-be-appointed Water Conservation Assistance Committee!

At the January 15, 2014 meeting of the BCPUD Board of Directors, in response to suggestions from the public, the Board agreed to appoint a new volunteer committee of interested community members to assist the district in its efforts to promote water conservation. If you would like to serve on this committee, please submit a statement of interest to the BCPUD by February 19, 2014 (either drop it in the BCPUD mail slot at 270 Elm Road, or email it to jblackman@bcpud.org). The Board will consider making appointments to the new committee at the regularly scheduled monthly meeting on February 19, 2014.

Thank you!

Jennifer Blackman
General Manager

UNIQUITIES VARIETY ~ Thrift and Gift and Really Good Pet Food Emporium will be closed this Tuesday, February 18. Our regular store hours are noon to 5:00 daily, with occasional changes as staffing conflicts arise. Sorry for the inconvenience. We have many gift items and collectibles. For Olympics enthusiasts, we have Olympics first day cover collectable stamp albums with stamps starting in the 1970's. Submitted by Jenniepeiffer

WHAT HAPPENED
MONDAY MORNING WEEKLY REVIEW
2/17/14 WRAP AND RECAP
from JenniePfeiffer

One of the things that happened this week was a full moon Valentines Day Friday, with a sweet Island Style Valentine Party at the Bolinas Community Center. The food was a choice of yummy yummy sushi, crab rolls, and Huli Huli skewers of either chicken or tofu and veggies with pineapple fried rice and salad. There were lovely decorative paper parasols hanging from the ceiling, drinks with little paper parasols served up at the Island style bar, an additional Island style dessert bar with chocolate and strawberry Sundays with whipped crème, but no parasols, served up by Treshon and Ibarra; and a special treat for the kiddos were two hanging rope swing chairs that got a big workout throughout the night. Sophie Rox sang a delightful set of songs to entertain folks during dinner, accompanying herself on the ukulele with some bass backup by Piro Patton, and then after the eating, there was dancing to the music of Mango Bus. It was all a fundraiser for the Sound and Light improvement at the Center, and was a test run for the new sound system booth, built by Don Smith and Nick Bogle. Congratulations to everyone on a job well done and another successful Community Center event. Big thanks to Lia and Randi for continued enthusiasm and management skills.

Tuesday's School Board monthly meeting had a large turnout of interested parents and community members. Michael Rafferty and Harriet Kossman announced the resurrection of the Faultline Institute, which will be using classrooms at the school for adult continuing Faultline education. So once again our FLI is open and it's all our Fault. Watch for announcements in the Hearsay News.

The Board received an official letter of retirement notification from Larry Enos, our long time school Superintendent. We will be very sad to see him go. We are in the process of recruiting applicants for a new Superintendent, shared with Lagunitas School District. We are also looking for a principal, due to Elaine Doss's

retirement at the end of this school year, and a replacement for David Van Leeuwen, retiring from the art metal shop.

There was a presentation of a request proposal by the Stinson Beach preschool to house a portable building on the Stinson site while plans for school modernization, and prospect of universal preschool are discussed. The last Pre-school For All Task Force meeting was Thursday afternoon and a recommendation is being formulated for presentation to the Board in another month. There was also conversation about the school garden project and who will be available to lead that very worthy outdoor science lab project. So lots going on at the school as we look to the future of our evolving educational program.

Nice to get a little more rain, and looks like more coming this week, so it's all good. jp

WATER SUPPLY UPDATE February 14, 2014

To the Bolinas Community:

THANK YOU AGAIN!!! Your conservation efforts in response to our January 17th heightened voluntary conservation alert continue to be amazing and continue to exceed our expectations with consumption down by more than 30%. Please keep up the good work!

As everyone knows, while the rains last week were very welcome, the state remains in a serious drought and we must continue to conserve. For those of you keeping track, Bolinas received between 6 – 8 inches of rain on the Big Mesa during last weekend's rains. As a result, our Woodrat #1 reservoir is now full and our Woodrat #2 reservoir has been substantially replenished (but is not yet full). That said, at this point we simply don't know whether we will receive any more significant rains this season – so please continue to do whatever you can to conserve water.

The BCPUD Board will discuss the district's water supply at its regular monthly meeting next Wednesday, February 19, 2014 at 7:30 p.m. Please come if you would like to participate in this important discussion.

Thanks to everyone!

Jennifer Blackman
General Manager

17 February

Fornacalia/Celtic tree month of Luis ends/Egyptian Day

F Roman festival of Fornacalia, festival of bread, ovens, and the oven goddess. It is also a festival whose observance helps plants in their coming growing season. On this day, plants should be tended with extra loving care.

18 February

Festival of Women/Celtic tree month of Nuin commences/Tacita/Egyptian Day

F This day is a Persian Pagan festival honoring women. Also the day of Roman rites in honor of Tacita, the silent goddess, binding hostile speech and unfriendly mouths.

How to contribute to the Hearsay News in person

Come to the office at 270 Elm at Maple, behind the BPUD office on Mons, Weds and Fris between 9:30 & 10:30 am to have your article appear the same day, and until 11:00 am for classified ads.

Ad forms are also available anytime in the small mail box next to the Hearsay door. You can fill out the form and have your ad billed to you, or you can enclose payment (please note on your ad if you are paying cash in as they might become separated) & drop into door slot.
