THE BOLINAS HEARSAY NEWS
1974-2014 and onward
FORTY YEARS OF EVERYTHING!

HOW DID YOU FIND BOLINAS?

I just followed the signs. I was lost. I made a wrong turn left, and then right. I was surfing and took off on a big left break at Stinson and never made it back across the lagoon. I was looking for Point Reyes and got lost. I walked into this bar and never found my way back. I read about it in the Hearsay News. I came down the wrong side of Mt. Tam. I tried to adhere to Measure G and flew over the ocean but still landed here. I was looking for some poets. I heard there was a nice beach. I wanted to visit where Steinbeck came from, oops. I tried to go over the ocean but wound up here. I was looking for a party. I couldn't turn my Winnebago around. I was looking for a parade. I was looking to get crabs. I swam over. I lost my dog and he went here. I went for a one-way bike ride. I heard there was a free box. I was looking for free parking. I was looking for cheap water. I was looking for cheap gas. I was looking for birds. I heard you could sleep on the beach here all year. I liked the bears, skunks, foxes... I don't remember. I was lost. I just followed the signs, dammit.

Fracking
 In California? What the Frack?

Wednesday, January 29
 7:00 - 9:00 PM

San Rafael City Council Chambers
 1400 5th Avenue, San Rafael

Fracking—a blessing for jobs and cleaner natural gas or an environmental disaster?

What are the consequences for California if industry proceeds with fracking 1,699 square miles of shale along the Monterey Coast?

Come and hear experts discuss the environmental impacts for the farm and seafood industries of California. Join us to learn more about the controversies surrounding fracking, what the state policy-makers are doing (i.e. SB4), and what this all means to residents of Marin County.

Speakers

Richard Heinberg—Senior Fellow-in-Residence, Post Carbon Institute
 Rose Braz—Climate Campaign Director, Center for Biological Diversity
 David Turnbull—Campaign Director, Oil Change International

LIA & RANDI

art stew

StuArt

• Judy Molyneux at Bolinas Gallery

The show is titled "Yippee! We're at the Beach" and all the paintings are inspired by the beach. Judy has two painting styles that she alternates between. In one painting style Judy uses acrylic paint to fill in big areas with color. She often uses fluorescent paint and her acrylic paintings glow with the essence of the beach.

In her other style Judy applies thick impastos of oil paint with a palette knife to recreate the fury and passion of the ocean. Whereas the acrylic paintings have an air of repose, the oil paintings are action-packed.

The amazing vitality of the beach comes through remarkably well in Judy's paintings. It's inspiring to see the beach rendered so beautifully.

This is the last weekend of the show.

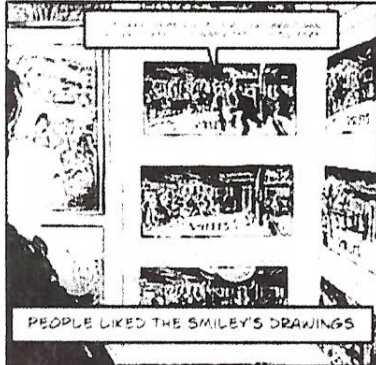

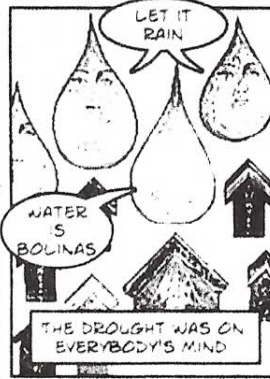

Don't miss it

• StuArt at Farmstand

The Wheel of Life fortune wheel - direct from Burning Man - will be dispensing fortunes for 2014 and the Year of the Horse at the Farmstand. Sat & Sun, 2-5pm

Bolinas Museum
Opening new exhibitions
Jan. 25th 2014
All week a cadre of volunteers are working with artist Bean Finneran to install her wildly original ceramic sculptures made of thousands of hand made pieces. Alan Finneran's years of theater work and set design are reflected in his photographed dioramas. Bolinas ceramicist Mardi Wood has an exhibit of her elegant bowls. New selection in the Permanent Collection and a history exhibit about the Bolinas-Stinson school in the history room! Artist talk 2 PM, opening reception 3-5 PM. Free and everyone welcome.

Listen to the MP3 recording

Radiation has long been identified as a serious risk factor in various human diseases. The earthquake and tsunami in Japan, and the resultant ongoing struggles to contain radiation released from reactors there, has brought radiation to the forefront again.

Featured speakers:

Robert M. Gould, MD, graduated from Albert Einstein College of Medicine, and from 1981 until 2012 worked as a Pathologist at Kaiser Hospital in San Jose. In 2012 Bob was appointed as an Associate Adjunct Professor in the Department of Obstetrics, Gynecology and Reproductive Sciences at the UCSF School of Medicine...

Arjun Makhijani, PhD, President of The Institute for Energy and Environmental Research (IEER), holds a PhD in engineering (specialization: nuclear fusion) from the University of California at Berkeley. He has produced many studies and articles on nuclear fuel cycle related issues...

Anna O'Malley, MD, graduated from the Medical College of Wisconsin in 2005, and completed her residency in Family and Community Medicine at the University of California-San Francisco in 2008. She was awarded a Bravewell Fellowship in Integrative Medicine...

The call was moderated by Steve Heilig, MPH, CHE Director of Public Health & Education, and Director of Public Health & Education, San Francisco Medical Society.

Bolinas 6:06 p.m. In a week that included many emotional charged calls this is was probably my favorite call of the week, a woman called to report that she found a note stating that the missing link was in her toilet. Woman states that she believes her neighbor is responsible for note and states she feels threatened.

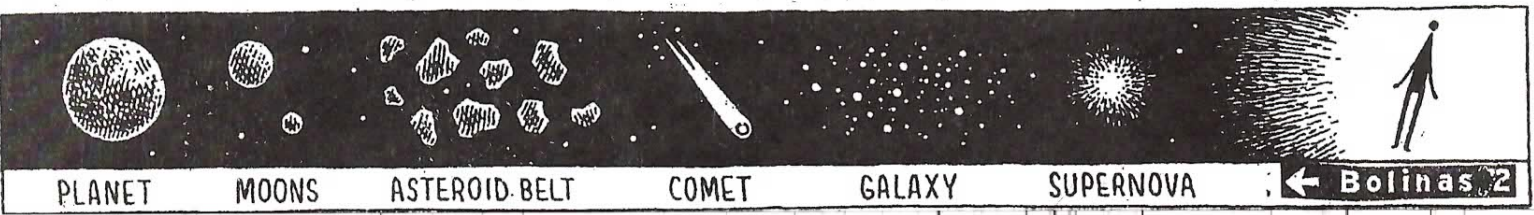

GET STUFFED DEPARTMENT

From the Gloucester (Mass.) Daily Times

A number of turkeys were reported crossing South Street at Marmion Way at 12:11 p.m. Sunday. The man who called police to report the turkeys said he had called out for them to move—but said they did not listen to him, so he called police.

Rafi Lerner: "Please don't go to work today". Bolinas

Bolinascc@bocenter.org/www.BoCenter.org

**Bolinas Community Center Board Meeting
November 16, 2013 10am St Aiden's Church**

Directions and Staff Present: StuArt Chapman- El Presidente, Eleanor Lyman-Vice-President, Susan Tacherra-Treasurer, Stacy Besenty- Secretary, Lia Kourula Sabbatini-General Manager, Randi Arnold- Development Director, Steve Wren, Jennie Pfeiffer, June McAdams, Ayn Plant, Serita Lewis, Jan Broek, Susie Stewart, Maitreya Silver.
Guests: Stockton Buck and Patrice Daley

President's Report: The meeting began with the Bolinas Community Center song led by StuArt. Minutes were approved after a motion made by Stacy and seconded by Steve.

Treasurer's Report: Stacy gave the Treasurer's report. The Food Festival was once again a success, bringing in more funds to complete the on going kitchen remodel.

Manager's Report: The Halloween party was a great event as was StuArt's honoring with The Day of the Dead. Randi proposed that it would be a good idea to involve one of the town's youth groups in the hosting of the Halloween party next year.

Ilka will be hosting the Thanksgiving celebration at the Community Center this year.

Hall repairs planned: a 3 way switch in the little room off the stage, picture molding to be installed around hall to hang art work from, drain pipes have been donated and need to be installed and the sump pump needs to be finished in the back to prevent water from collecting under the building.

The kitchen project is continuing, Fred Hess is working with us to get the necessary permits needed for construction. The Winter Faire is approaching, Susie will help with the lights in the hall, Max and Arn will work on the ramp on Wed. and Thurs. Humble Kitchen will handle the menu. StuArt will be recording "How did you find Bolinas" on Dec. 3rd at 7 pm.

The World Faire has been canceled for this year. Phil has been working on small building maintenance projects.

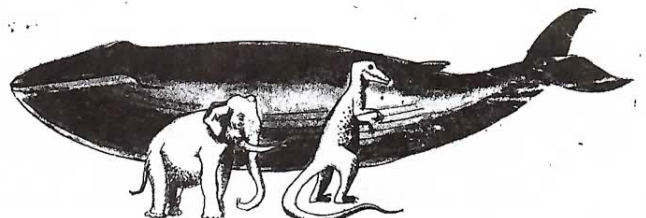

Development Director's Report: Randi reports that the insurance renewal is in process. We have received a Bo-Stin grant for the construction of a storage closet for equipment at the front of the building.

Other topics of importance:

Patrice Daley requested the Board to consider a decrease in theater light charges. The board is considering a flat rate monthly charge for projects using lights over a month, for rehearsals and show times.

Stockton Buck would like to promote the anti-rodenticide campaign and has offered to set and check traps during a 7-10 day period to see if there is another way to control pest problems. The board is in full support of this idea. Randi will talk with the People's Store and Western Pest Control to receive their input on the matter.

Meeting Adjourned at 11.30.
Minutes submitted by Stacy Besenty

DEPARTMENT OF PUBLIC WORKS

November 11, 2013

People serving people.

Dear Resident,

As residents of Bolinas and Stinson Beach we know you are focused on maintaining a beautiful and thriving community. To further that, we want to familiarize you with the waste management resources available from Zero Waste Marin and our partners at Redwood Empire Disposal, Bolinas Community Public Utility District and Stinson Beach County Water District.

In the coming months, you will see advertisements throughout Marin County promoting food waste composting in the green carts. While we encourage you to recycle as many items as possible, residents of Bolinas and Stinson should not place food scraps in their green carts. The green carts in Stinson and Bolinas are for **yard waste only**. This goes to a special local composting facility that does not process food waste.

Here are some other ways you can reduce your waste and help the environment:

Yard Waste Composting - It's easy to recycle yard waste in Bolinas! Place green waste such as yard trimmings, branches and weeds in your green cart. The content of your green cart is sent to the Bolinas-Stinson Resource Recovery Project where it is turned into rich soil to help grow food.

Backyard Composting - Residents in Bolinas can compost food scraps in their own backyard. Make sure to purchase an animal-proof composting container to keep unwanted visitors away. The compost you create can be used to help your garden flourish. For information on home composting classes, visit ZeroWasteMarin.org.

Reusable Bags - Bring your own reusable shopping bag on your next trip to the grocery store. Simple actions like reusing your shopping bag keeps plastic out of our landfill. Keep a reusable shopping bag in your car for any unplanned trips to the grocery store.

Visit ZeroWasteMarin.org for more information on how your neighbors and your family can reduce waste in Bolinas and Stinson Beach. To learn more about which items are accepted in your carts, please visit the Redwood Empire Disposal website at unicycler.com.

Let's work together to keep Bolinas, Stinson Beach and Marin beautiful and thriving.

Sincerely,

Michael Frost
Deputy Director of Public Works
County of Marin

Bolinas 9:51 a.m. Man reported that they spoke to an older woman parked in the middle of the road on the wharf and that she appeared to be bug eyed and deranged. Deputies were able to find woman who they reported was very nice. She reported that she had been watching the birds and was nothing but nice to the man who asked if she was okay. Woman advised to pull over to side of the road when she wants to watch birds in the future.

How to contribute to the Hearsay News in person

Come to the office at 270 Elm at Maple, behind the BPUD office on Mons, Weds and Fris between 9:30 & 10:30 am to have your article appear the same day, and until 11:00 am for classified ads.

Ad forms are also available anytime in the small mail box next to the Hearsay door. You can fill out the form and have your ad billed to you, or you can enclose payment (please note on your ad if you are paying cash in as they might become separated) & drop into door slot.
