Wreck of the RD Inman, Duxbury Reef, 1909

R. D. Inman stranded on extreme upper end of Duxbury Reef (Bolinas Point) in 1909. Went inshore looking for possible boats from a supposed burning vessel, which proved to be a fire on beach. Captain was merely hallucinating, took too much "headache remedy" before departing San Francisco. Weather; cloudy, dark, strong southeast wind, rain squalls, sea gulls, generally not very nice out, good for wearing fashionable rain-boots. Struck once and bucked off -struck again and became helpless, lost or broke propeller on rocks. Lifesaving steamer *Snohomish* and Lifesaving crew from *Bonita* went to scene of the wreck but nothing could be done.

Wreck Report: R. D. Inman came to rest parallel to the shore, 500 feet from the beach, washing over the reef into a shallow basin and listing heavily to starboard. The vessel was wedged tightly in the rocks; no attempt was made to get her off. Instead, owner F. S. Loop of the Loop Steamship Company collected his \$100,000 insurance policy. Abandoned as a total loss, R. D. Inman was partially salvaged by the underwriters and left to the sea; "the steamer will be stripped of machinery and deck fittings and everything of value that can be secured." The townsfolk of Bolinas, then, as now, all notorious scavengers, grabbed everything of any possible value before the insurance company could get there.

Francis Weller
Entering the Healing Ground: Grief, Ritual, and the Soul of the World

Part of the End-of-Life Conversation Series

Carried privately, sorrow lingers in the soul, slowly pulling us below the surface of life and into the terrain of death. Learning to hold sorrow and loss close to our hearts is a deep spiritual practice, a fierce and unflinching acknowledgement of the way of the world.

In his recent book, *Entering the Healing Ground*, author and soul activist Francis Weller offers a new vision of grief and sorrow. Through story, poetry and insightful reflections, Francis offers a meditation on the healing power of grief.

Francis Weller, MFT, has been working with the emotional, creative, and spiritual life of men and women for thirty years. He is a community builder, writer, teacher, and psychotherapist in Northern California.

Bugs flying around with wings are flying bugs

By Wayne Hansen
Redwood Co. Extension Educator

I've got these bugs that look like ants with wings flying around on my trees. What are they?

bugs
Anthracnose continues to develop on many green ash, oak & maple trees. Small spots and blotches are the typical symptom

TOM SACHS
Interviewed by SHELTER SERRA

San Francisco Arts Quarterly LLC
441 O'Farrell St.
SF, CA, 94102, USA

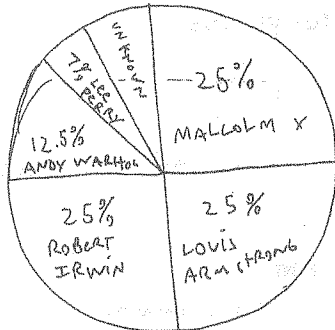

Shelter Serra

Shelter Serra was born in a small coastal town in northern California named Bolinas. His interest in making art started at an early age playing with clay and Legos®, also as a teenager skateboarding in parking lots after school and doing spray paint graffiti murals in San Francisco. Shelter is the son of famed lawyer, J. Tony Serra (who was depicted by James Woods in the movie "True Believer") and the nephew of sculptor, Richard Serra. He studied at the University of California at Santa Cruz and received a Master's of Fine Arts in Painting and Printmaking from the Rhode Island School of Design. Shelter's recent artwork reflects the global spread of technology and how it constantly alters our visual environment. His work investigates our culture's relationship to objects of status and how advertising diversifies consumption. His inspiration comes from many sources including traveling and literature. Shelter has participated in group shows at Alleged Gallery, Marlborough Gallery, Eric Firestone in New York, and at Space 1026 in Philadelphia. He has also exhibited in Japan. Shelter currently lives in New York City and works in his studio in midtown Manhattan.

From: Shelter Serra
Subject: Hello Tom - not junk mail!

To: Tom Sachs

Tom Sachs -- just a few questions

1. Who would you want to be if you weren't Tom Sachs?

2. What convinced you making art was an important and vital role in society?

AT FIRST I DID NOT THINK I HAD WHAT IT TAKES TO BE A WORTH WHILE ARTIST. SO, I WENT TO ARCHITECTURAL SCHOOL. THE HAZING PROCESS WEEDED ME OUT - THANKFULLY. I DECIDED TO INDULGE MYSELF ON THE WEEKENDS. ONE THING LED TO ANOTHER AND ART MAKING BECAME A FULL TIME OCCUPATION.

An Anthology of Bolinas Writing

John Doss

Birth

I was called
called. and I go 30 miles to the city

called to ATTEND
A birth

Attend ! To learn, be at attention

Now

Birth: a new beginning
Labor of Love
A child
Joy ! Joy !

Attend ! Not to do anything,
Be there,
To be.

A waiting, vigil, gathering of the clan
Ancient family function.
Natural home event
Celebration
Re-affirmation

Myself affirmed.

Let me tell you how it is being —
To be: physician,
medicine man
Shaman
myself.

Attend !

There she is ! Dig Her !

Who's in charge around here ?

She is !

Laboring mother / Doing the woman thing

I touch her with my eyes
We encompass each other
and I watch with compassion

With black bag, mostly empty
A knife, gold pen, paper, string, key
Odds and ends of my identity
But mostly I came as myself

My hands, naked before
your divine act

It's your thing / do it well
I say to you

We have work to do
and I settled down to comprehend
and learn.

What is going on ?
A family thing
Celebration
Tribal act / old
As all time

The clan has gathered
Chief, minstrels, poets
Wizards, pilgrims, midwives
Gathering together
To witness, affirm
Attend
again

There is:
Joan mother
Billy Batman father
oldest child, male, Jade
next oldest, male, Hassan
youngest (not for long), female, Caledonia

Lenore Kandel, poet
Cassandra, witch
Sam, Peter's girl
Helene, gypsy wife of printer Claude
Female child of Helene, age 6 months
Sara, wife of John, pilgrim from Denver
Woman, black, neighbor with blanket

Emmett Grogan, Digger
Kirby Doyle, poet
Richard Brautigan, poet
Claude Hayward, printer, Digger
Peter Cohan, mime trouper
Gandalf, white wizard
John Glaser, husband of Sara (pregnant)
Billy Fritsch, Lenore's man

Poets, beggars, minstrels, chief
Gypsies, Indians,
Pilgrims,
Children of their time

Diggers

I ask all to touch
Flesh
Blood and

Taste.

Labor complete — 3rd stage finished
Someone lites a dime store
brass pipe of hash —
passed around —
it tasted of burnt flowers

Black woman, white eyes
living cave painting, small
In and out of the group
Ghostly in dim light offered
a blanket, greyish, old.
Not for the infant but to be
gently rubbed against the
receding empty uterus.

Sara used it
One of the last things I did was
check the uterus
There it was.

I put on my shirt, coat, sandles, pack
my bag and go home to Bolinas.

poem, in "On the Mesa - A Collection of
Bolinas Writing", City Lights Books, 1971
(available at the library, last I checked) -

- Steve Heilig

Minutes from the October 22, 2012
Bolinas Fire Protection District Board
Meeting

Pres. Buchanan called the regular meeting of the Bolinas Fire Protection District to order at 7:30PM. Vice Pres. Kilkenny, Dir. Kimball, Dir. O'Donnell and Dir. Smith were present. Also present: Chief Brown, Secretary Brown and Barbara Kayfetz.

MSC, Kilkenny/Smith (unan) to approve the agenda.

CHIEF'S REPORT

MERA
None.

Inspection

Sam's House – Safety Inspection

Planning

20 Nymph Road – Demolish existing residence, construct new one
15 Oak Road – Legalize existing retaining wall
415 Yucca – Solar Install
100 Mesa Road – Addition to communications tower – Verizon
40 Mesa Road – Solar Install
76 Altura Road – Remodel
324 Ocean Parkway – Addition
160 Overlook – Solar Install
280 Mesa – Demolish existing structure, construct new one, and legalize multiple existing structures

Volunteers

Fire Safety Day was a great success. Chief Brown thanked everyone who participated. Pres Buchanan reported that Asst. Chief Marcotte conducted a kitchen stove fire demo that was both exciting and educational. Next year, Chief Brown would like to offer a vehicle extrication demonstration using the Hurst extrication tools next year.

The Volunteer's annual raffle mailing has been sent to local residents. This annual fundraising event is the only one the Volunteers hold.

At this point in the meeting, Barbara Kayfetz asked to speak. She presented a photo album that she had created with large photos of Fire Safety Day. Pres Buchanan and the rest of the Board thanked her for her generosity and thoughtfulness.

Apparatus

Chief Brown stated she feels that the old U231 pick up is unsafe to sell as it has brake and steering issues. The Board agreed that the vehicle sounded too unsafe to sell in good conscience. Parts that can be sold off of the unit will be with the pick up itself will be used for extrication training.

Disaster Council

Chief Brown reported that she participated in the Great California Shake Out on October 18th. She reported that not many Disaster Council Area Coordinators were able to participate. She plans to schedule another drill in the near future on a weekend day so more people can attend. Operationally, the Shake Out was beneficial as Chief Brown drafted a form titled "Steps to Take" which outlines procedures for the first fifteen minutes after an earthquake for use by Volunteers and/or anyone at the station.

Building and Grounds

Chief Brown reported that one of the sump pumps was failing due to debris being flushed down toilets at the Clinic. The staff moved quickly to correct the situation. Repairs were made to the pump which is now functioning. The Clinic will be responsible the cost of the repair. Chief Brown met with the new site manager of the Coastal Health Alliance, Deborah Harmell-Antonio. They discussed routine maintenance of the building and grounds and disaster plans.

General Operations

Chief Brown reported that the annual audit took place on October 3rd. She said that it was completed early in the afternoon due to District organization and thorough preparation. She thanked Secretary Brown and Bookkeeper Kaaren Gann for their hard work.

Surfer's Overlook

Dir. Kimball reported that the work scheduled for this fall to test for soil conditions and to take soil samples for the next phase of the repair at Surfer's Overlook has been delayed until approximately next April. The sand levels on ground level are too low and inhibit the operation of large equipment. The tides are predicted to be low enough in April which would allow access of large equipment.

Dir. Kimball reported that the BCPUD has begun a major project to replace the main water pipe along Terrace Avenue which will take approximately two to three weeks to complete. One hydrant will be added. He assured everyone that at Surfer's Overlook, there will be no digging up of new soils to reroute the main that might result in destabilizing the cliff area. Instead, the pipe will be rerouted up hill on the other side of the road away from the ocean.

Maintenance Agreement – CHA

Chief Brown discussed a cap on the Common Area Maintenance account with the Board. She reviewed the potential maintenance costs including the generator, pumps, roofs, asphalt, etc and discussed a cap between \$30,000 to \$50,000 from each agency. The Board discussed the issue and decided that a \$30,000 cap from each agency to be paid at a rate of \$5,000 per year for six years would be adequate. Chief Brown agreed to present a letter of agreement describing the Common Area Maintenance account payment schedule at the November Board meeting.

Pres. Buchanan remarked that there were many fire calls and emergencies last month. Chief Brown described a motor cycle accident at the top of 13 turns on Highway 1 due to slippery roads after the rains. She cautioned everyone to be careful on wet roads.

GENERAL BUSINESS

Action Item #1: Approve CalPERS requirement for a publicly available pay schedule.

After edits made by Pres. Buchanan, the Board approved the pay schedule. MSC, O'Donnell/Kilkenny (unan) to approve the CalPERS requirement for a publicly available pay schedule.

Discussion: Approve Verizon request to add microwave antennae to existing Crown Castle tower located on Fire District property. Director Kimball explained to the Board that he attempted to schedule a conference call meeting with Crown Castle representatives, Verizon engineers, Site Safe engineers, Chief Brown, Don Smith and himself to explore alternatives. Verizon might be willing to implement to minimize the ground level RF emissions without compromising their service level standards. He reported that there has been no response from Crown Castle to the meeting schedule but he received a message from the District manager that the Fire District is legally required to approve the request as the microwave emissions would be so minimal. There has been no communication since.

Pres. Buchanan suggested that Crown Castle and Verizon complete the installation of the panel antennas approved in 2009 and then pursue an RF compliance report based on all 12 panel antennas functioning at full capacity. Dir. Kimball suggested that if the Board approves the Verizon request to add microwave antennae, that a copy of the

Crown Castle with a notation that the Board intends to respectfully work with them towards the lowest possible RF emissions and the best possible solution(s) for all parties involved.

Discussion: Emergency only access and egress alternatives to closure of Terrace Avenue and Overlook Road.
No update.

CONSENT CALENDAR

MSC, Kimball/O'Donnell (unan) to approve the Consent Calendar including the Minutes from the September 24, 2012 regular meeting and the warrant lists from September 18 – October 16, 2012, and the financial reports for August 2012 including the account balances. Dir. Kimball asked how the budget graph reflected the accounts and the overall annual budget. Chief Brown answered that there are outstanding accounting issues regarding categorization of expenses that the bookkeeper Kaaren Gann will be resolving soon. Chief Brown requested that the Finance Committee meet with Kaaren after new committees are formed after the next meeting in November.

PUBLIC EXPRESSION

None.

COMMITTEE REPORTS

None.

BOARD MEMBER REPORT

None.

PERSONNEL MATTERS

None.

ANNOUNCEMENT

None.

GOOD OF THE ORDER

Pres. Buchanan thanked Vice Pres. Kilkenny for her last four years of service. (This was her last meeting as she has finished her four year term.) The Board gave her flowers and chocolate and huge thanks, especially for her work on the personnel committee.

Pres. Buchanan thanked Barbara Kayfetz for her thoughtful photo album. He also thanked Secretary Brown and Bookkeeper Kaaren Gann for their organization and preparedness which contributed to a successful annual audit.

The Board then sang a happy birthday song to Pres. Buchanan.

The next two regular Board meetings are scheduled for November 26th and December 17th.

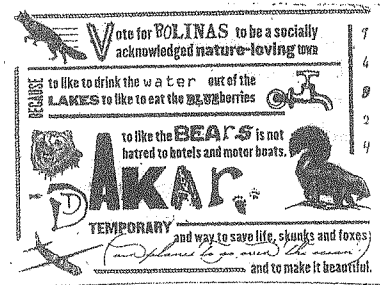

ADJOURNMENT

MSC, Kilkenny/O'Donnell (unan) to adjourn the meeting at 8:25PM.

Respectfully submitted,

Molly Brown
District Secretary

Note: All minutes to all Board meetings are available for review at the Bolinas Library.

28 November

Runic half-month of Is and goddess month of Astraea
commence

The runic half-month of Is, literally "ice," is a
static period: a time of the cessation of flow
and enforced rest.

29 November

Sons of Saturn/St. Saturnius/Egyptian Day

E

One of the festivals of the sons of Saturn, in their saintly guise
as St. Saturnius. Saturnius, son of Saturn, is the surname of the

gods Jupiter, Neptune, and Pluto, who are
commemorated on this day.
